Since the State has huge balance under NPV & Interest component, the limit of 20% & 10% utilization of NPV & Interest Fund, respectively can be waved off and accordingly request to be made to the National Authority. As per CAF Act. 2016 at least 80% of

ile No. R&FD-59060(60)/8/2023-MRF(DESKF10)-Revenue and Forest (Computer No. 704417)

NPV fund to be utilized for the Afforestation and related activities. In current rainy season the State Government has undertaken an ambitious programme of 10 Crore Plantation. For its success and for raising successful plantation in coming years, there is need for raising good quality planting stock. Hence, Hon. Chairperson suggested to increase the allocation under NPV and Interest head towards nurseries and afforestation activities. There is need to establish one nursery per district and more than one nursery in case of bigger districts. Emphasis shall be given on raising of indigenous tree species. Accordingly, provision is to be made in the APO.

- Hon. Chairperson also suggested that in the State especially the north, central and eastern part are arid in nature with open land and hence there is a need to increase tree cover in these areas and therefore the balance amount under NPV & Interest should be utilized for regeneration activity on priority.
- Hon. Chairperson also emphasised the involvement of NGOs, Private Partners working in the field of environment; and also the local bodies for greater success of the plantation programme. The Committee resolved to increase allocation for establishment of modern nurseries and allocation under Regeneration Works.

(a) Additional Fund for Voluntary Relocation of Villages from Bor Tiger Reserve.

File No. R&FD-59060(60)/8/2023-MRF(DESKF10)-Revenue and Forest (Computer No. 704417)

The Chartered Accountant of Maha CAMPA office with the permission of the chair brought to the notice of the committee that Senior Audit Officer in their Audit Observation dated 15.04.2025 in "Subject Specific Compliance Audit (SSCA) on CAMPA" that there is loss of Interest of Rs. 218.56 Crores due to non-investment of surplus CAMPA fund with the State Government. On this matter the Chairperson of the Steering Committee expressed her displeasure. Further, he mentioned that Section 19 of CAF Act. 2016 empowers State Authority to invest surplus amount. As per section 30 of CAF Act. 2016 Central Government in consultation with the state Government shall make rules for investment of such funds. However, the CAF Rule 2018 do not have any provision with respect to investment of funds. there is no such policy laid down neither by State Government, nor National CAMPA. Hence, such investment could not be done.

Accordingly, correspondence has been done with National CAMPA and the above matter is brought to the notice of National Authority and requested to take decision.

Decision: The Steering Committee directed to submit the proposal to National Authority, within one month. For that, assistance may be taken from neighbouring States wherein such decision has already been taken.

In addition to above the following points were discussed with permission of the chair:

1. APCCF & Nodal Officer, Maharashtra State raised an issue regarding forest land diversion that, out of the Non Forest Land (NFL) area received under Forest (Conservation) Act. 1980 [Van (Sanrakshan evam Samvardhan) Adhiniyam, 1980], approx. 5500 Ha. Area is still not taken under afforestation since the Field officers reported these areas unsuitable for the afforestation. Hence, it is proposed that such areas immediately should be treated with Soil & Moisture Conservation Works in the current year and to be proposed accordingly in the Annual Plan of Operation 2025-26. It will help to restore the land and make it suitable for plantation in subsequent year. Thus Plantation activities will be taken by doing Pre Planting Operations (PPO) in subsequent year. It will result in achieving the target of plantation; and the conditions of plantation laid down by Central Government will be fulfilled. For that, the area suitable for afforestation will be taken under PPO, so that the backlog of the afforestation will be covered.
2. APCCF & Nodal Officer, Maharashtra State raised issue regarding funds received from the Public Works Department (PWD) for Avenue Plantation and suggested that the implementation should be done by Social Forestry Department (SFD) and Forest Development Corporation of Maharashtra (FDCM) which will help in minimising air pollution and increase in Green Cover.

Decision: The Steering Committee resolves to approve the proposal & instructed Nodal

le No. R&FD-59060(60)/8/2023-MRF(DESKF10)-Revenue and Forest (Computer No. 704417)

officer to further follow up.

The Chairperson of the Steering Committee suggested the following points.

1. **10 Crores Plantation Drive:** In the ongoing 10 Crores Plantation Drive, much area should be taken on river banks & catchment in addition to block plantation and avenue plantation. For that it should emphasised to plant indigenous tree species. In respect of avenue plantation, care to be taken for creation of long stretches with plantation of such tree species which either bloom or fruit in particular season. Also shed providing species should be planted.
2. **Assistance of NGOs :** In association with local Non-Government Organizations (NGOs) and local bodies
3. **3** tree plantation drive to be implemented. Their help should be taken to develop scenic beauty near the Government Buildings and premises. Parking lots with cover of vegetation and blooming vines should be developed, it will protect people and vehicles from heat.
4. **Creation of Zoo like Vantara :** Being the major economy booster, on the basis of 'Vantara' in Jamnagar, Gujrat, a Zoo should be developed in Gorewada, Nagpur with Public Private Partnership (PPP). For that, assistance from 'Vantara' can be taken. This should be taken as challenge by Forest Department. On this PCCF & Chief Wildlife Warden, Maharashtra State, stated that this initiative has already been taken under the guidance of Hon. Minister (Forests) and the locations are Gorewada, Nagpur & Shahapur.
5. Under Mazi Vasundhara Abhiyan nurseries have been created in all villages - Those local bodies nurseries (PRI/ULB) may be strengthened through CAMPA funding to achieve distributed planation across State.

The meeting ended with the vote of thanks to the Chair and all the members of the Steering Committee.
