Jammu & Kashmir Forest Department Office of the Pr. Chief Conservator of Forests & HoFF Government of Jammu & Kashmir

The Chief Executive Officer,
National Authority,
Ministry of Environment Forest and Climate Change,
Government of India, New Delhi-110003.

No. PCCF/CAMPA/APO-2022-23/1256/3989 - 91

Dated: 09.02.2022

Sub: Annual Plan of Operation for FY 2022-23 of Jammu and Kashmir CAMPA.
Sir,

The Annual Plan of Operation (APO) of J&K CAMPA for FY 2022-23 was scrutinized by the Executive Committee in its meeting held on 18.01.2022. Thereafter, the APO was considered by the Steering Committee in its meeting held on 08.02.2022 under chairmanship of the Chief Secretary, J&K Government, and approved for placing before the National Authority for accord of final approval (the minutes of the meeting are in the process of approval). The meeting, among others, was attended by Shri C.D. Singh, DDG, IRO, Jammu.

2. The total approved outlay for APO 2022-23 is Rs 297.65 Crore. The agenda of the Steering Committee meeting and the detailed APO 2022-23 are placed as Annexure (A) & (B), respectively.

2. The APO 2022-23 has been prepared strictly in accordance with the provisions of the Compensatory Afforestation Fund (CAF) Act 2016 and the CAF Rules 2018. Under NPV, more than 80% of the outlay is proposed for forest and wildlife conservation and management activities and less than 20% outlay is proposed for forest and wildlife infrastructure development and capacity building activities. In respect of each proposed work, detailed cost estimate, KMZ file and other relevant information have been uploaded on the J&K CAMPA Portal. All site-specific proposals have been prepared in consultation with Panchayats, in accordance with the provisions of Forest Rights Act.

4. It is requested to kindly place the APO of J&K CAMPA for FY 2022-23 for a total amount of Rs 297.65 Crore before the Executive Committee of the National Authority for final approval.

Yours faithfully,

(Sarvesh Rai) IFS

Addl. Pr. Chief Conservator of Forests/
Chief Executive Officer (CAMPA)

Encl. As above

Government of Jammu & Kashmir
Office of the Pr. Chief Conservator of Forests & HoFF
Jammu & Kashmir Forest Department

Sub: 21st meeting of Steering Committee of J&K Compensatory Afforestation Fund Management and Planning Authority (CAMPA).

MEETING NOTICE

A meeting of Steering Committee of J&K CAMPA is scheduled to be held under the Chairmanship of worthy Chief Secretary, J&K Government (Chairman, Steering Committee of J&K CAMPA) on 7 February 2022 at 3:00 PM in the Meeting Hall, 2nd Floor, Civil Secretariat, Jammu. In accordance with Section 11 (2) of the Compensatory Afforestation Fund Act 2016, the following members of the Steering Committee are requested to kindly attend the meeting on the scheduled date, time and venue:

- | | | |
|-------|--|-------------------------------|
| I. | Financial Commissioner (Addl. Chief Secretary) to Government, Finance Department | - Member, <i>ex officio</i> ; |
| II. | Principal Secretary to Government, Agriculture & Farmers Welfare Department | - Member, <i>ex officio</i> ; |
| III. | Principal Secretary to Government, Science & Technology Department | - Member, <i>ex officio</i> ; |
| IV. | Commissioner/Secretary to Government, Forest, Env. & Ecology Department | - Member, <i>ex officio</i> ; |
| V. | Commissioner/Secretary to Government, Rural Development & Panchayati Raj | - Member, <i>ex officio</i> ; |
| VI. | Commissioner/Secretary to Government, Revenue Department | - Member, <i>ex officio</i> ; |
| VII. | Principal Chief Conservator of Forests (Head of Forest Force) | - Member, <i>ex officio</i> ; |
| VIII. | DDG, Integrated Regional Office, Jammu (MoEF&CC) | - Member, <i>ex officio</i> ; |
| IX. | Administrative Secretary to Government, Tribal Affairs Department | - Member, <i>ex officio</i> ; |
| X. | Administrative Secretary to Government, Planning & Monitoring Department | - Member, <i>ex officio</i> ; |
| XI. | Pr. Chief Conservator of Forests/Chief Wildlife Warden | - Member, <i>ex officio</i> ; |
| XII. | Chief Conservator of Forests (P&P)/Nodal Officer, SFDA | - Member, <i>ex officio</i> ; |
| XIII. | Chief Conservator of Forests/Nodal Officer, FC Act 1980 | - Member, <i>ex officio</i> ; |
| XIV. | Ch. Asif Iqbal (Advocate), expert on tribal matters | - Member |

Special Invitees:

- I. PCCF/Director, Environment, Ecology and Remote Sensing Department.
- II. PCCF/Director, Social Forestry Department.
- III. APCCF/Director, Soil & Water Conservation Department.

2. Agenda of the meeting is enclosed.

(Sarvesh Rai) IFS

Addl. Pr. Chief Conservator of Forests/
Chief Executive Officer (J&K CAMPA)

No: PCCF/CAMPA/SC-20/2021-22/ 3697-3722

Dated: 27.01.2022

Copy for information to the:

- 1) All members of the Steering Committee of CAMPA and Special Invitees as per the above list.
- 2) Director, Estates Department, Civil Secretariat, Jammu for information with the request to kindly keep the Meeting Hall reserved for the said meeting on the scheduled date and time.
- 3) Prl. Private Secretary to Chief Secretary, UT of Jammu and Kashmir for kind information of the worthy Chief Secretary.
- 4) Project Officer, MFP, Jammu. He is advised to make necessary arrangements for the said meeting on the schedule date, time and venue.
- 5) Private Secretary to PCCF & HoFF for kind information of the worthy Pr. Chief Conservator of Forests & HoFF, J&K.
- 6) Section Officer, CAMPA for follow up.

Government of Jammu & Kashmir Office of the Pr. Chief Conservator of Forests & HoFF Jammu & Kashmir Forest Department

AGENDA NOTE

21st Meeting of Steering Committee of Jammu and Kashmir Compensatory Afforestation Fund Management and Planning Authority (CAMPA)

Agenda Item No: 21

Part-I Brief History and past performance

21.1.a.1 Brief description of forests and forestry sector in UT of J&K

The Union Territory of Jammu & Kashmir is well known for its dense forests, snow clad mountains, valleys, meadows, fresh water lakes and springs. Jhelum, Chenab, Tawi and Ravi are the main rivers of the UT of Jammu and Kashmir. The UT is located along the mountainous arc of the mighty Himalayas, divided into two distinct physiographic regions, i.e. Jammu and Kashmir, with different climatic conditions, topographical features, soil, drainage, vegetation, language and culture.

Jammu region situated in the sub-Himalayan region comprises outer plains, Shiwaliks and mid-Himalayas. Geographical area of Jammu region is 26293 Sq. Kms, out of which forest area is 12066 Sq. Kms (i.e. 45.89% of the geographical area).

Kashmir valley situated in Central Himalayas with Pirpanjal Mountains in the South and Karakoram in the North. Geographical area of Kashmir region is 15948 Sq. Kms, out of which 8128 Sq. Kms is the forest area (i.e. 50.97% of the geographical area).

All principal Western Himalayan conifer and broad-leaved tree species grow in Jammu and Kashmir. Change in vegetation occurs with the change in elevation and aspect. The following forest types are met within the UT:

i) **Sub-Tropical Dry Deciduous Forests**

These Forests are generally found in the lower Shivalik formation of Jammu region. The common tree species of this zone are *Acacia catechu*, *Dalbergia sissoo*, *Albizia* species, *Grewia elastica*, *Bauhinia* species, *Acacia modesta*, *Terminalia* species, etc.

ii) **Sub-Tropical Pine Forests**

These forests are found in upper Shiwalik formation and outer Himalayas. The common species of this area are *Pinus Roxburghii*, *Dalbergia sissoo*, *Mallotus philippinensis*, *Olea cuspidata*, *Cassia fistula*, *Dodonaea viscosa* and *Berberis*.

iii) **Himalayan Moist Temperate Forests**

This type of forest is found in Chenab Valley. The common species are *Cedrus deodara*, *Pinus wallichiana*, *Picea smithiana*, *Abies pindrow*, *Juglans regia* and *Quercus* species.

iv) **Himalayan Dry Temperate Forests**

This type of forest is found in Kashmir valley. The common tree species are *Cedrus deodara*, *Pinus wallichiana*, *Picea smithiana*, *Abies pindrow* and *Taxus baccata* with broad leaves species like *Juglans regia*, *Acer*, *Betula*, *Rhododendron*, *Parrotiopsis jacquemontiana*, *Chinar*, *Poplar* and *Willow*.

v) **Alpine Forests**

These forests are situated well above the main temperate zones. The common species in this zone are high level *Fir*, *Juniper*, *Betula*, *Rhododendron*, *Salix* species, and variety of wild flowers and grasses.

As per the Working Plans of J&K, a total of 3535 Sq. Km of forest area is under various stages of degradation and has been recommended for rehabilitation under '**Rehabilitation/Reboisement Working Circle**'. Some of the forests which were earlier well-stocked have also degraded over a period of time, and being rehabilitated under CAMPA.

Recently, the Photo Interpretation Division has assessed, using Satellite LISS-IV data of the period 2003 and 2019, change in forest density over the period. It was observed that a total of 989 Sq. Kms Moderate Density Forests have changed to Open Forests and 1161 Sq. Kms of Open Forests have changed to Scrub/non-forests.

In 1996, Hon'ble Supreme Court imposed a complete ban on felling of green trees from forests of Jammu and Kashmir. In compliance to the directives of the Hon'ble Supreme Court, an expert committee (Qualitative and Quantitative Norms Committee) was constituted by the department. The committee recommended 67.09 Lakh cft + 20% as availability of dry and fallen timber per annum, which can be extracted from forests of J&K. Thus the department is mainly focused on rehabilitation of degraded forests through assisted natural regeneration and artificial regeneration by employing different plantation models. Owing to

mountainous terrain of the UT, it is also necessary to carry out soil and moisture conservation measures.

Main drivers of degradation of forests in J&K

The forests of J&K are under tremendous pressure to meet increasing demands for fodder, grazing, small timber and other forest produce due to rapid increase in human and livestock population. The human population of J&K has increased from about 1.01 crore in 2001 to 1.25 crore in 2011, recording a decadal growth of 23.71%. Moreover, rearing of livestock, particularly in upper reaches of J&K, contributes significantly to the local economy. The UT has a high density of livestock population, which is estimated to be 0.93 Crore including Ladakh, as per 2012 census. A large part of this population is mainly dependent on forests for grazing, especially the livestock with nomadic population. As per an assessment, the grazing intensity in forests is much higher than the permissible level. Due to continuous unrestricted grazing, some of the forests of J&K have become deficient in natural regeneration. Therefore, fencing is essential to protect the forest areas taken up for rehabilitation and restocking under different interventions and such areas need total protection from grazing till they get established.

21.1.a.2 J&K CAMPA

Transfer of forest land for non-forest purposes is being regulated under Forest (Conservation) Act (FCA) 1980 since 31 October 2019; prior to that it used to be regulated under J&K Forest (Conservation) Act 1997. User agencies are required to pay cost of Compensatory Afforestation in lieu of the forest land diverted for non-forest purposes. Besides, the value of ecosystem goods and services of forests lost due to diverted lands, termed 'Net Present Value' or NPV is charged from user agencies.

In accordance with the guidelines issued by *ad-hoc* CAMPA, Ministry of Environment, Forest & Climate Change on 2.7.2009, J&K CAMPA was set up vide SRO-354 dated 11.11.2009. The execution of CAMPA works in J&K started from the year financial 2010-11. The financial year 2021-22 is the 12th year of its execution.

The NPV amount received by J&K CAMPA from user agencies used to be transferred to *ad-hoc* CAMPA, which in turn used to release money equivalent to 10% of the principal amount lying to the credit of J&K CAMPA with that Authority for execution of works as per Annual Plan of Operations.

Based on the orders and directions of Hon'ble Supreme Court in the T. N. Godavarman Thirumulpad Vs. Union of India and Others [Writ Petition (Civil) No.

202 of 1995], dated the 30th October, 2002, the Compensatory Afforestation Fund (CAF) Act, 2016 was notified by MoEF&CC on 03.08.2016 and CAF Rules, 2018 were notified on 10.8.2018 and both came into force in the UT of Jammu and Kashmir w.e.f 31 October 2019. After coming into force of the CAF Act 2016, *ad-hoc* CAMPA has been dissolved and National Authority, MoEF&CC has been constituted. Establishment of J&K CAMPA (State Authority) under provisions of the CAF Act, 2016 has been notified by the MoEF&CC vide S.O. 118 (E) Dated 8 January 2020.

In terms of Section-4 of the CAF Act 2016, the Union Territory of J&K has notified establishment of State Fund (Compensatory Afforestation Fund) under its interest bearing public account vide Notification dated 29 November 2019 having following heads of accounts:

(i) Major Head 8336-Civil Deposits – Minor Head-103-State Compensatory Afforestation Deposits (3)

- a) 8336-103-2900-Compensatory Afforestation.
- b) 8336-103-2901-Additional Compensatory Afforestation.
- c) 8336-103-2902-Penal Compensatory Afforestation.
- d) 8336-103-2903-Net Present Value of Forest Land.
- e) 8336-103-2904-Protected Areas (National Parks, Wildlife Sanctuaries) etc.

(ii) MH-8121-General and other Reserve Funds-139 – State Compensatory Afforestation Fund.

- a) 8121-129-2900-Compensatory Afforestation.
- b) 8121-129-2901-Additional Compensatory Afforestation.
- c) 8121-129-2902-Penal Compensatory Afforestation.
- d) 8121-129-2903-Net Present Value of Forest Land.
- e) 8121-129-2904-Protected Areas (National Parks, Wildlife Sanctuaries) etc.
- f) 8121-129-2905-Catchment Area Treatment Plan.
- g) 8121-129-2906-Interest.
- h) 8121-129-2907-Integrated Wildlife Management Plan.
- i) 8121-129-2908-Others.

Since notification of the State Fund under public account, all monies received (and to be received) from user agencies in lieu of diversion of forest lands for non forest purpose under the Forest (Conservation) Act, 1980 and from National Authority, MoEF&CC are being (and shall be) deposited in the said public account. CAMPA expenditure is also being incurred from the said account.

The Act also provides that the State Authority shall have following structure:

- a) The Governing body headed by Hon'ble Chief Minister (or Lt Governor for the UT of J&K during the President's rule) and Ministers/officers as ex-officio members, and Principal Secretary (Forest) as Member Secretary (Composition: Section 10 (5) of the CAF Act 2016)

Governing body shall be assisted by following committees:

- a. The Steering Committee headed by Chief Secretary with official (ex-officio) members from various departments, and one non-official member – an expert on tribal matters/representative of tribal communities (Composition: Section 11 (2) of the CAF Act 2016)
- b. The Executive Committee headed by the PCCF with official (ex officio) members from various departments and following non-official members (Composition: Section 11 (3) of the CAF Act 2016)
 - i. Two eminent NGOs
 - ii. Two representatives of district level Panchayat Raj Institutions
 - iii. One expert on tribal matters /representative of tribal communities

Utilisation of monies in the State Fund

As per the CAF Act, 2016 and CAF Rules, 2018, the Annual Plan of Operations (APOs) are in following distinct parts:

- a) APO for utilization of Compensatory Afforestation (CA) including additional CA (e.g. road side avenue plantation) and penal CA money as per the site specific plan approved at the time of clearance of the proposal under the Forest (Conservation) Act 1980.
- b) APO for utilization of Net Present Value (NPV) including penal NPV money for forest management.
- c) APO for utilisation of NPV money for Wildlife Management in accordance with the approved management plan for Protected Areas.
- d) Site specific plan approved at the time of Wildlife clearance for land diversion proposals involving Protected Areas.

- **Procedure for utilization for Compensatory Afforestation (CA) money (Sub Head-2900)**

In respect of monies received from user agencies for Compensatory Afforestation (CA) including additional & penal CA, separate APOs, as per the project-wise CA amount received is prepared.

- **Procedure for utilization of Net present Value (NPV) money for Forest & Wildlife Management (Sub Heads 2903 - 2904)**

- I. As per the CAF Rules, 2018, not less than 80% of the NPV money is used for the forest and wildlife management activities covered under Rule 5 (2). The forest and wildlife management component includes assisted natural regeneration and artificial regeneration, silvicultural operations, protection and maintenance of plantations and forests, pest and disease control in forest, forest fire prevention and control operations, soil conservation works in forests, improvement of wildlife habitat, management of rescue centre for wild animals and management of biological diversity & biological resources.

- II. **Not more than 20% of the NPV money** is utilized for forest and wildlife related infrastructure and capacity building activities listed under Rule 5 (3) of the CAF Rules, 2018. The activities include purchase and maintenance of equipment or devices used for communication and information technology; construction, up-gradation and maintenance of inspection paths, forest roads, fire lines, watch towers, check posts and timber depots; construction of residential and official buildings in forests for frontline staff (Range Officer and below); casual engagement of local people or labours to assist the regular staff for works for protection of forests and wildlife; independent monitoring and evaluation including third party monitoring; publicity and awareness of CAMPA programmes/ schemes; survey and mapping for preparation of APOs, and capacity building of frontline staff.
- **Site Specific – Integrated Wildlife Management Plan in respect of monies received from diversion of forest lands in Protected Areas (National Parks, Wildlife Sanctuaries) (Sub Head-2907)**
Wildlife Protection Department prepares APOs for wildlife conservation and related infrastructure development and capacity building in accordance with the site specific plan approved at the time of diversion of land in Protected Areas.
 - **Procedure for utilization of interest money (Sub-Head-2906)**
Rule- 6 of CAF Rules, 2018 provide for manner in which interest accrued on the deposits in the State Fund shall be utilised. Rule 6 (a) provides that not less than 60% of the accrued interest shall be utilised on forest and wildlife conservation activities and for meeting salary and allowances of regular and contractual staff of CAMPA. Rule 6 (b) provides that not more than 40% of the interest on deposits in the State Fund shall be spent for meeting the non-recurring and recurring expenditure of the State Authority on management of office expenses, purchase of office equipment, hiring of staff car and other contingency.

21.I.b Compensatory afforestation, other forestry and related schemes (physical and financial) including catchment area treatment, wildlife management and community development works and activities carried out therein in J&K from the State Fund.

(i) Expenditure under CAMPA

A total expenditure of Rs 762.55 Crore has been incurred in last 11 years (from 2010-11 to end of March 2021), which includes Rs 616.33 Crore by the Forest and allied Departments and Rs 146.23 Crore by Wildlife Protection Department. During FY 2020-21, against the total approved outlay of Rs 184.33 Crore, the total

expenditure ending March 2021 was Rs 112.61 Crore. Besides, liability/spill-over works of FY 2020-21 amounting to Rs 13.26 Crore shall be cleared in FY 2021-22.

Year-wise expenditure incurred under CAMPA by J&K Forest & Allied Departments and Wildlife Protection Department

(Rs. In lakh)

S.No.	Year	Expenditure		Total
		Forest & Allied Department	Wildlife Protection Department	
1	2010-11	1875.00	13.97	1888.97
2	2011-12	3692.00	85.97	3777.97
3	2012-13	3803.00	377.15	4180.15
4	2013-14	5901.00	618.88	6519.88
5	2014-15	5204.00	1319.35	6523.35
6	2015-16	4578.00	417.34	4995.34
7	2016-17	5208.00	971.63	6179.63
8	2017-18	8734.00	3090.86	11824.86
9	2018-19	5558.41	2195.73	7754.14
10	2019-20	7420.27	3931.07	11351.34
11	2020-21	10986.00	1601.00	12587.00*
	Total	62959.68	14622.95	77582.63

* Including spillover/liability of Rs 13.26 Crore.

(ii) Physical achievements under CAMPA

CAMPA is playing a key role in rehabilitation of degraded forests of J&K. The year wise physical achievements during the period of implementation of J&K CAMPA from 2010-11 to 2020-21 are as shown in the following tabular statement.

S.No	Year	Component							
		Area Treated (In Hectares)	Fencing (In lakh rft)	Nursery (No. in lakh)	Planting (in lakh)	Soil Conservation Works			Demarcation work (No. of Boundary Pillars installed)
						DRSM (In Cum)	Crates (In Nos)	WHS/ Ponds (In Nos)	
1	2010-11	2885	9.1	45.44	18.3	21996	0	0	0
2	2011-12	5196	15.29	55.36	37.31	27315	0	0	890
3	2012-13	5153	15.43	41.06	47.8	28206	0	0	1978

11	2020-21	12474	40.58	79.82	67.78	48330	2293	132	7176
	Total	64499	213.85	653.33	436.05	247946	6553	160	44313

In addition, infrastructure for frontline staff which includes 37 Range Offices, 36 Block Offices, 18 Check Posts, 26 Guard Huts, 11 Chowkidar Huts and 15 Inspection Huts have been constructed from CAMPA fund during 2010-11 to 2020-21.

21.I.c Forestry and other related schemes (physical and financial) and activities carried out therein in the state in previous years from the fund received under other schemes of the Government.

Statement showing physical & financial achievements under CAPEX, District Sector and NAP schemes during the last five years i.e. 2016-17 to 2020-21 is as under:

S.No	Year	Allocation (Rs in lakh)	Financial achievement (Rs in lakh)	Physical Achievements	
				Area (In ha.)	Plantation (In lakh Nos)
1. CAPEX					
1	2016-17	705.00	699.66	918.00	7.84
2	2017-18	975.00	951.92	777.00	6.77
3	2018-19	894.00	719.49	847.00	6.28

21.I.d&e Year-wise total forest area diverted and compensatory afforestation carried out in various forest divisions of the UT of Jammu and Kashmir

Year-wise total forest area diverted and compensatory afforestation carried out in various forest divisions of the UT of Jammu and Kashmir is at annexure-1.

A total of 13903 ha of forest lands have been diverted for non-forest purposes during the period from 1990 till 30 October 2019 under J&K Forest (Conservation) Act, 1997. Further, in-principle (Stage-I) approval for diversion of a total of 1044.52 ha has been granted under the Forest (Conservation) Act 1980 after its coming into force in the UT of J&K w.e.f. 31 December 2019. The Forest Department is required to carry out afforestation over equivalent non-forest land or treat double in extent the degraded forest areas, as per the approval condition in each case. Against this, a total of 69,942 ha area of degraded forests have been rehabilitated till 31 December 2021 with planting of 456.31 lakh plants.

Total Compensatory Afforestation done in relation to forest land diverted

1.	Total area diverted (upto 31/12/2021)	14,947.52 ha
2.	Total Compensatory Afforestation targets (Double the area diverted)	29,895 ha
3.	Total Compensatory Afforestation done during the years from 2010-11 till December 2021 including treatment under NPV	69,942 ha
4.	No. of trees/poles/saplings involved in FCA cases	21.39 Lakh
5.	No. of plants planted from 2010-11 till December 2021	456.31 Lakh

21.1.f Brief description and abstract of the monitoring work done by the Monitoring and Evaluation Wing of the State Forest Department

As per the CAMPA guidelines issued in pursuance of SRO 354 dated 11.11.2019, and vide CAMPA Secretariat Order No.639/FORESTS dated 13.11.2019, the following norms have been fixed for internal verification and inspection of works at field level by the field functionaries: Forester-100%; Range Officer-at least 80%; Divisional Forest Officer-at least 50%; Conservator of Forests-at least 20%; Chief Conservator of Forests-at least 10%. The internal monitoring reports of Forest and allied Departments for FY 2020-21 have been received.

Besides, CAMPA works of the period 2013-14 to 2017-18 were monitored by the specifically constituted committees of senior officers, in pursuance of the State Administrative Council's (SAC's) decision No.4/1/2018 dated 28.06.2018 and the report stands submitted to the SAC.

Further, vide CAMPA Order No.03 of 2021 Dated 30.04.2021, internal monitoring of CAMPA works executed during 2018-19, 2019-20 and 2020-21 by specifically constituted teams at UT level and Circle level, comprising officers from Forest and allied Departments, is currently in progress.

Details of works executed under CAMPA in public domain in order to promote transparency:

The works executed under CAMPA have been placed on the website of the Forest Department. Besides, a total of 5,639 coordinates/polygons of works executed under CAMPA have been placed on the e-green watch portal of MoEF&CC, a link of which has also been given on the website of the J&K Forest Department (www.jkforest.gov.in).

21.1.g Brief description and abstract of the monitoring work done by the independent monitor (Third Party Monitoring) in the State.

CAMPA Secretariat has assigned the independent third party monitoring of CAMPA works for the period 2012-13 to 2018-19 to M/s N.H Consultancy Pvt. Ltd. In respect of Jammu Region, the report has been received and presented in the 20th meeting of the Steering Committee and 28th meeting of Executive Committee held on 16.11.2021 and 18.01.2022, respectively. In respect of Kashmir Region, the draft report has been received which is being examined.

21.I.h Fund Position of CAMPA

User agencies have deposited as per the available records, a total of Rs 1823.70 Crore with the J&K CAMPA till 31 December 2021, which includes Rs 286.25 Crore received from forest land diversion cases falling in Ladakh region as well. After establishment of a separate Ladakh CAMPA w.e.f. 31 October 2019, receipt of compensatory levies and utilisation is being done by that authority.

While money received under Compensatory Afforestation was utilised in J&K, the NPV money amounting to Rs 1298.3 Crore including accrued interest in J&K CAMPA (which includes Rs 291.35 Crore (principal + accrued interest) from projects in Ladakh region) was credited to *ad hoc* CAMPA, MOEF&CC during 2010-11 to 2018-19. Out of the interest on the principal amount of the deposit, the *ad hoc* CAMPA released, during 2010-11 to 2018-19, a total of Rs 379.55 Crore for implementation of the approved APOs.

State Fund: With notification of State Fund vide Notification dated 29 November 2019, the balance CAMPA money available in the J&K bank account (**a total of Rs 383 Crore**) has been credited to the State Fund. Further, *ad hoc* CAMPA (Now National Authority) has transferred back share of UT of J&K amounting to Rs 408.35 Crore vide their communication dated 07.02.2020 and Rs 356.20 Crore vide communication dated 01.10.2020 into the State Fund (J&K Compensatory Afforestation Fund). Besides, 67.88 Crore have been received in the State Fund from various user agencies towards pending compensatory levies. It may also be noted that the National Authority vide communication dated 07.12.2020 has transferred Rs 249.27 Crore to Ladakh CAMPA directly.

Further, PMGSY has deposited in the State Fund a total of 22.86 Crore towards compensatory levies in respect of their proposals having received in-principle approval under the Forest (Conservation) Act 1980.

Thus, total funds deposited in the State Fund as on **31 December 2021 is Rs 1238.29 Crore** (yet to be reconciled with the Finance Department).

Now, payment of compensatory levies in respect of proposals approved under the Forest (Conservation) Act 1980 is being received online through PARIVESH portal which is getting credited into the account of the National Authority, MoEF&CC, maintained in Union Bank of India. A total of Rs 24.04 Crore has been received in that account by the end of December 2021.

Debiting of Expenditure incurred during FY 2020-21 and FY 2021-22 from State Fund and accrual of interest on the balance funds are yet to be settled. The Finance Department has been requested to reconcile the figures and share the updated status of the State Fund including interest vide this office communication dated 12.08.2021.

21.I.i Audit of CAMPA accounts

The CAG is conducting a Performance Audit titled “Management of Forests through CAMPA” since 05/12/2020 for the period 2015-16 to 2019-20 for inclusion in the report of Comptroller & Auditor General of India ending March 2020. The audit teams of the AG have audited the accounts of all IAs and CAMPA Secretariat, and also carried out field inspections. The Accountant General has sent a draft para report on performance audit on CAMPA to the Administrative Department vide No.Rep/AR/2019-20/Non-PSUs/PA-II/126 dated 08.09.2021 for comments of the Department which have been submitted on 22.11.2021.

Further, a CAG empanelled Chartered Accountancy firm, M/s GK Sureka & Co., has been hired w.e.f. 24 January 2020 for financial audit of CAMPA accounts of headquarter as well as accounts of all Implementing Agencies (IAs) for the period 2010-11 to 2019-20 (except for the period 2014-15, which has already been audited by another CA firm). The financial audit is currently in progress. Progress of the audit has been slow due to disruptions caused by COVID-19 pandemic. The agency has collected records from all IAs. The Agency was given time till March, 2021 to complete the work which was extended till 31 July 2021. The CA further sought time till end of November for completion of the assignment. As the audit involves large no. of implementing agencies and a long period of ten years, the compilation of report is taking time. **The CA has now submitted the audit reports for the period 2018-19 and 2019-20.**

21.I.j Annual Report

In accordance with rule-38 of the Compensatory Afforestation Fund Rules 2018, J&K CAMPA is required to prepare the annual report giving brief description of all activities and summary of works undertaken in accordance with approved Annual Plan of Operations (APOs) from the State Fund. Accordingly, CAMPA Secretariat has prepared Annual Reports for the financial years 2019-20 and will be submitted soon.

21.I.k CAMPA Meetings

28 meetings of Executive Committee, 20 meetings of Steering Committee and 2 meetings of Governing Body of CAMPA have been held till date.

The 28th meeting of Executive Committee was held on 18 January 2022 to review physical and financial achievements under CAMPA in FY 2021-22 and to scrutinize APO 2022-23. The Committee considered and recommended the APO for F.Y. 2022-23 amounting to Rs 297.66 Crore for placing before the Steering Committee for approval.

21.I.I Decisions taken in the 20th meeting of Steering Committee of CAMPA

The 20th meeting of Steering Committee held on 16.11.2021 reviewed the implementation of the APOs of current financial year i.e. 2021-22 and approved the Supplementary APO 2021-22 amounting to Rs 13.26 Crore to complete the approved works and to clear bills in respect of completed works of APO 2020-21. During the meeting, J&K CAMPA Portal was launched by the Chief Secretary. Besides, a documentary on CAMPA titled “From Forest Diversion to Eco-Restoration” was released. Further, reports on ‘Forest Fire Risk Zonation and Vulnerability Assessment’, and ‘Forestry Intervention in Kandi Area towards Jal Shakti Abhiyan-III’, and a brochure on ‘Kalij’ – the bird of UT of Jammu and Kashmir, were also released by the Chief Secretary.

During the deliberations, the Chief Secretary gave certain directions to the Department. A summary of those decisions and action taken is as under:

S.No.	Decision of the Steering Committee	Action Taken
a)	To identify all degraded forest areas and make plans for their rehabilitation in three-year period.	The department has undertaken exercises for identification of degraded forests by comparing the forest maps of 2003 and 2019 procured from Forest Survey of India, Dehradun. The degraded forests have been estimated as the areas which have changed from the density class 10-40% to less than 10% (highly degraded forests) and 40-70% to 10-40% (degraded forests). A total of 1161 sq. km. have been identified tentatively as highly degraded forests and 989 sq. km. as degraded forests. The department is also working out strategy for their treatment during the next 08 years coinciding with the U.N. decade of Ecosystem Restoration (2021-30).
b)	To make ‘Forests for Livelihood’ as its moto. The Forest Department should collaborate with Science & Technology Department and other R&D institutions for utilization of biomass, weeds like lantana, and pine needles, so as to generate livelihood.	The Forest Department has already initiated utilization of Forest Biomass in the form of Chir pine needles for making of handicraft and fuel briquettes. The results have been encouraging and the efforts are being scaled up in the current year as well as in next year. The department is working with IIT Roorkee, IIT Mandi, ICFRE Dehradun, IIIM Jammu and SKUAST(K), etc. for technologies utilizing sustainably available forest produce for creation of livelihoods within the overall objective of sustainable forest management. The Forest Department has also approached Department of Science & Technology, J&K for collaboration on these kinds of technologies.
c)	The department should develop deeper connect with all village communities through “One Beat	The Government has extended the scope of Green J&K Drive to cover all Village Panchayats through “ One Beat Guard, One Village Program ” and VPPC’s in

	Guard, One Village Program” and “Village Panchayat Plantation Committees” and formulate plans so as to meet their requirement for fodder, timber and Non-Timber Forest Produce.	campaign mode “ Har Gaon Hariyali ”. The plantation raised would be helping for augmenting the availability of fodder, fuel-wood, small timber and other forest produce. Till date more than 2500 Village Panchayats have already been covered.
d)	To establish linkages of forestry activities with <i>Jal Shakti</i> programmes with a view to improve water regime to help the local communities.	The Forest and sister departments are taking up soil and moisture conservation works for augmentation of water regime of the areas like augmentation of water availability in ponds, bowlies, etc. These efforts by way of intensive afforestation, soil and moisture conservation will result in augmentation of water resources of Department of Jal Shakti and support Jal Shakti Abhiyan.
e)	To promote convergence of its activities with funding under Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) to achieve the target of rehabilitation of degraded forests in a time bound manner.	The Forest Department along with Department of Social Forestry and Department of Soil & Water Conservation are submitting forest related work proposals under convergence with the Department of Rural Development and Panchayati Raj at district level. Till 24.01.2022 proposal of around 30 lakhs person days for the year 2022-23 have been submitted by the Forest Department.
f)	To promote awareness by installing signages at appropriate places that provides information about flora and fauna of the area and also about activities of the department.	The awareness is being created through publications, videos, multimedia, erection of boards and hoardings in cities, government office complexes and places of tourism importance.
g)	To launch a campaign to make the trek routes and wildlife protection areas free from plastic in a month time.	The trek routes and Wildlife Protections areas are being kept free from plastic, and the Forest and Wildlife Protection Departments have launched campaigns through awareness programmes, social and print media in this regard.
h)	Wildlife Protection Department to take steps to stop feeding of monkeys by people along roadside. Stern action be taken by them under law against people feeding monkeys on roadside and other such locations risking the lives of monkeys.	The Wildlife Protection Department has undertaken various measures including collection of food offered from people to monkeys at various places through staff and feeding within forest areas. Further, publicity and awareness campaigns in print, electronic and social media are also being carried out.
i)	To protect the forests from damage due to unregulated open grazing, the Forest department to work on providing alternatives.	All the implementing agencies and Agrostology wing in particular, have enhanced targets for production of fodder and grasses to ensure sufficient availability of fodder. Measures also being taken through distribution of planting material for fodder production in campaign “ Har Gaon Hariyali ”.

21.I.m Annual Plan of Operations (APO) under CAMPA for the current financial Year 2021-22

The expenditure under CAMPA is being incurred after approval of its Annual Plan of Operations (APOs) in accordance with the CAF Act 2016 and the CAF Rules 2018. The APOs prepared by Implementing Agencies (IAs) were first scrutinized and recommended by the Executive Committee (EC) of CAMPA headed by the Pr. Chief Conservator of Forests in its meeting held on 14.01.2021. Thereafter, the APOs were placed before the Steering Committee of CAMPA headed by the Chief Secretary of J&K Government in its meeting held on 26.02.2021.

Total APOs for FY 2021-22 amounting to Rs 252.01 Crore including additional APO for Rs 19.00 Crore were approved by the Committee, which were submitted to the National Authority for approval.

21.I.n Approval of the National Authority for APO 2021-22

The Executive Committee of National Authority discussed APO 2021-22 of J&K CAMPA in its 11th & 13th meetings held on 26 March 2021 and 7 June 2021 respectively. Based on discussions, the National Authority vide its communication dated 23.07.2021 conveyed approval for the mandatory and time bound activities of the APO amounting to Rs 140.21 Crore. The Executive Committee of National Authority further discussed remaining APOs in its 14th meeting held on 22nd, 23rd, 30th 2021 and vide communication dated 25.08.2021, the National Authority conveyed approval for additional Rs 59.41 Crore towards infrastructure and capacity building activities. Further, the National Authority vide communication dated 16.12.2021 conveyed approval for Rs 56.93 Crore.

21.I.o Implementation of APO in 2021-22

All Implementing Agencies were directed vide communication dated 09.04.2021 to immediately start implementation of the approved activities including grant of AA/TS & e-tendering of works. As regards e-tendering of works, guidelines have been issued which stipulate composite tendering for all fencing and soil conservation works by the implementing agencies. Further, all IAs have been directed vide communication No.PCCF/CAMPA/2021-22/e-tendering/1911-68 dated 16.09.2021 to execute planting and nursery works for amount exceeding Rs 1.0 lakh also through e-tendering.

The IAs have been directed to adhere to the conditions of approval imposed by National Authority, such as, uploading of coordinates/polygons and relevant details of works on e-green watch portal and consultation with Panchayat before starting the works.

Funds under various heads totaling Rs 201.91 Crore have been released by the Finance Department, which have been further transferred to IAs for execution of approved APOs.

Ending December 2021, 5443 ha of degraded forest areas has been treated with planting of 26.46 lakhs plants. Besides, tenders for most of the works in APO 2021-22 exceeding Rs 1.00 lakh each have been floated and contracts awarded by the end of December 2021.

Status of implementation of APO 2021-22

(a) Financial

S.No	Name of the Department	Approved Outlay (Rs. in Lakh)	Expenditure ending Dec. 2021 (Rs. in Lakh)
1	J&K Forest Department (Territorial)	17593.00	4785.00
2	Social Forestry Department	1632.00	445.71
3	J&K Forest Research Institute	150.00	31.32
4	Forest Protection Force	100.00	32.72
5	Ecology Environment & Remote Sensing	178.00	65.46
6	Wular Conservation & Management Authority	240.00	4.70
7	Total Forest & Allied Department	19893.00	5364.91
8	Wildlife Protection Department	4208.00	968.25
	Grand Total (7+8)	24101.00	6333.16

(b) Physical

S.No.	Component	Targets FY 2021-22	Achievement ending December 2021
1	Area to be Treated (In Hectares)	14544	5443
2	Fencing (In lakh rft)	36.08	22.98
3	Nursery (Plants to be raised in lakh)	103.40	4.62
4	Planting/Sowing		
(i)	No. of plants (in lakh nos)	79.83	20.31
(ii)	BUC (in lakh nos)	18.18	6.15
(iii)	Patch/dibbling (in lakh nos)	35.00	3.87
(iv)	Seed balls (in lakh nos)	20.52	6.75
5	Soil Conservation Works		
(i)	DRSM works (In Cubic Meters)	48002	16335
(ii)	Crates (In Nos)	6821	470
(iii)	WHS/Ponds (In Nos)	285	50
6	Demarcation work (No. of Boundary Pillars to be installed)	12088	3667

The progress of expenditure by the Implementing Agencies is being reviewed from time to time under the chairmanship of Pr. Chief Conservator of Forests & HoFF, J&K in the meetings held on 26.04.2021, 12.05.2021, 19.06.2021, 10.07.2021, 07.08.2021, 10.08.2021, 24.08.2021 and a detailed IA-wise review on 2nd / 3rd / 9th of November 2021. Besides, Forest & allied Departments review the progress of CAMPA works periodically, round the year.

21.I.p Preparation of APO 2022-23

Preparation of APO 2022-23 commenced with the communication No.PCCF/CAMPA/2021-22/1217/1573-1632 dated 17.08.2021 requesting the IAs to assess the requirement of funds for FY 2022-23 on the basis of the criteria stipulated in the said communication.

Thereafter, IA wise outlay along with a set of guidelines was circulated by CAMPA Secretariat vide No.PCCF/CAMPA/APOs-2021-22/1217/2181-2240 dated 30.09.2021. Further, the PCCF (HoFF) issued a detailed set of guidelines for preparation of APO 2022-23.

21.I.q J&K CAMPA Portal

J&K CAMPA has developed a web portal which has enabled its implementing agencies to prepare APOs, report progress of execution including expenditure, and monitoring online.

For preparation of APO 2022-23, the outlay in respect of each Implementing Agency (IA) was conveyed through the portal. The IAs prepared the APOs online within the financial ceiling. The APOs were scrutinized/recommended by their controlling CFs/CCFs/APCCFs/HoDs through the portal and submitted to CEO CAMPA for scrutiny and placing before the Executive Committee. The APOs were examined by CAMPA Secretariat. The APOs suffering from shortcomings were returned for making necessary corrections. The corrected APOs are being placed before the Executive Committee for consideration.

A total of 5854 works proposed in APO 2022-23, having unique ID, with complete details of location, description of site, KMZ file and cost estimates have been uploaded on the portal. During the Executive Committee meeting held on 18.01.2022, the details of proposed works uploaded on the CAMPA portal were presented. The committee applauded the efforts of CAMPA Secretariat in development and operationalization of the portal which enabled preparation of APO 2022-23 and scrutiny by controlling officers online.

21.I.r Proposed Budget Estimates for FY 2022-23 under CAMPA

In accordance with the CAF Act, 2016, the expenditure for implementation of approved APOs has to be incurred from State Fund. Accordingly, the Budget Estimates for CAMPA (tentative) for the financial year 2022-23 has been submitted to the Administrative Department (Forest) vide communication No.PCCF/CAMPA/ BE/1422 dated 25.09.2021. It may be mentioned that at the time of preparation of BE 2022-23, APOs had not been prepared. After discussion with implementing agencies and detailed deliberations, the outlay for Rs

30120.92 lakh (say Rs 301.21 Crore) has been proposed in the BE 2022-23 under the following heads:

Major Head	Sub Major Head	Minor Head	Scheme	Code	Object of Expenditure	Sub Head of CAMPA Account	Proposed CAMPA outlay 2022-23 (Rs. in Lakh)
8336- Civil Deposit-MH-103 State Compensatory Afforestation Deposits (3)	103	8121- General and other Reserve Funds-129- State Compensatory Afforestation Fund	CAMPA	2900	Compensatory Afforestation	2900	2587.44
				2901	Additional Compensatory Afforestation	2901	297.48
				2902	Penal Compensatory Afforestation	2902	0.00
				2903	Net Present Value Of Forest Land (NPV)	2903	22501.00
				2904	Protected Areas (National Parks Wild Life Sanctuaries)	2904	2500.00
				2905	Catchment Area Treatment Plan	2905	300.00
				2906	Interest	2906	250.00
				2907	Integrated Wildlife Management Plan	2907	1685.00
				2908	Others	2908	0.00
				TOTAL			

Agenda Item No: 21.II

Part-II Activities to be undertaken for compensatory afforestation, additional compensatory afforestation, penal compensatory afforestation, catchment area treatment plan and for any other site-specific scheme may be used as per site specific schemes submitted by the state along with the approved proposals for diversion of forest land under Forest (Conservation) Act, 1980 referred to in clause (a) of section 6 of the Act:

21.II.a Compensatory Afforestation and Addl. Compensatory Afforestation

The Forest Conservation Act, 1980 has been extended to the UT of Jammu and Kashmir w.e.f. 31 October 2019. Prior to that, the diversion of forest lands for non-forestry purposes was regulated under the Jammu and Kashmir Forest Conservation Act, 1997.

In respect of forest land diversion proposals approved under the Forest Conservation Act, 1980 during the period 31 October 2019 till August 2021, the approved Compensatory Afforestation proposals submitted on PARVESH Portal are included in the APO 2022-23.

Further, in respect of some forest land diversion proposals approved under the J&K Forest Conservation Act, 1997 (prior to 31 October 2019), the compensatory levies have been received recently. The Compensatory Afforestation proposals in respect of such levies have also been included in the APO 2022-23.

Besides, the user agencies have paid compensatory levies for undertaking biological measures for stabilization of muck dumping sites. Such levies have been deposited under Addl. CA. APO 2022-23 includes proposals for undertaking biological measures under Addl. CA as per the approved site-specific schemes uploaded on PARVESH portal.

The details of CA and Addl. CA proposals have been uploaded on the J&K CAMPA portal. The Division-wise estimated cost of the proposed works in respect of CA and Addl. CA proposals is given as under:

S.No	Name of Forest Division/Circle/Deptt.	CA	Addl. CA	Total
A)	JAMMU REGION	1	2	(1+2)
	EAST CIRCLE	(Rs in lakh)	(Rs in lakh)	(Rs in lakh)
1	Jammu Forest Division	55.87	0.00	55.87
2	Ramnagar Forest Division	84.50	13.51	98.01
3	Billawar Forest Division	37.93	5.29	43.21
4	Basohli Forest Division	64.40	3.10	67.50
5	Udhampur Forest Division	85.04	21.64	106.68

21.II.b Environment Management Plan - Mitigation Plan of Kishtwar High Altitude National Park (KHANP) - under Chenab Valley Power Project.

Chenab Valley Power Project (CVPP) for its three Hydro Electric Power Projects (HEPs), namely, Pakal Dul HEP falling under Marwah and Kishtwar Forest Divisions, and Kiru & Kwar HEPs falling in Kishtwar Forest Division, has deposited a total of Rs 439.37 Crore, over a period of time, towards Environmental Management Plan of these projects. This includes Rs 236 Crore towards Mitigation Plan for Kishtwar High Altitude National Park (KHANP), Rs 21.10 Crore

towards Compensatory Afforestation and Rs 182.25 Crore towards NPV (Forest + Wildlife).

For utilization of monies received from CVPP, a meeting was held under the chairmanship of Pr. Chief Conservator of Forests, J&K on 04.07.2019. Another meeting was held on 11.07.2019 under the chairmanship of Commissioner Secretary (Forests) for preparation of integrated plan involving all Implementing Agencies of Forest and Wildlife Protection Departments for utilisation of monies received from CVPP. Thereafter, another meeting under the chairmanship of PCCF was held on 17.09.2019 to discuss the Mitigation Plan of KHANP prepared by Wildlife Protection Department. Further, a meeting of Executive Committee of CAMPA was specifically convened on 21.10.2019 to discuss the proposals submitted by the Wildlife Protection Department for Mitigation Plan of KHANP and proposals for Compensatory Afforestation prepared by Chenab Forest Circle.

The proposed activities under Mitigation Plan of KHANP are boundary delineation, habitat improvement, strengthening of wildlife protection, veterinary unit, research, survey & monitoring, purchase of field vehicles, rescue cum rehabilitation centre, eco-development, compensation for damage/loss, wildlife eco-tourism, publicity & awareness, disaster management plan, creation of biodiversity parks and capacity building of officials.

The proposal has been framed on the basis of biodiversity conservation and management plan prepared by University of Delhi as part of the overall Environment Impact Assessment Report. The same was subsequently submitted to the Wildlife Institute of India for the comments and observations. The present proposal has been framed after incorporating comments and observations of Wildlife Institute of India. The proposal has financial implication of Rs 73.19 Crore for implementation in five years. This includes Rs 5.00 Crore for undertaking various studies and surveys during the first two years of the project. For the years 2020-21 and 2021-22, the APOs with the financial implication of Rs 16.78 Crore and Rs 1837.48 Crore respectively have been approved by the National Authority. An outlay of Rs. 16.15 Crore is proposed for the FY 2022-23. The details of component wise activities proposed for the financial year 2022-23 is as under.

21.II.c Details of maintenance works in physical and financial terms proposed to be undertaken in the current financial year in the case of Compensatory Afforestation works, Catchment Area treatment works, wildlife management activities and other such activities undertaken in previous years which need maintenance for its survival and sustainability

Maintenance of works created under CAMPA and Beating Up of Casualties (BUC) is being funded under NPV. The site-specific plans for maintenance and BUC are uploaded on the J&K CAMPA portal.

It may be mentioned that site-specific proposals for compensatory afforestation were not prepared at the time of processing of forest land diversion proposals under the J&K Forest Conservation Act, 1997. Only levies for compensatory afforestation were charges from the user agencies. There was no separate provision for maintenance of plantation units raised under CA. Therefore, maintenance of afforestation works raised under CA are funded from NPV money.

Agenda Item No: 21-III

Part-III Activities to be undertaken from Net Present Value and Interest component referred in rule 5 and rule 6:

21.III.a.1 Net Present Value (NPV)

The details of proposed works under NPV and Interest have been uploaded on the J&K CAMPA portal. The Division-wise estimated cost of the proposed works is given as under:

21.III.a.3 Description of proposed forest conservation and management interventions under NPV

i. Assisted Natural and Artificial Regeneration

It is proposed to rehabilitate a total of **17715 ha** of degraded forest areas with planting of a total **95.83 lakh** plants under CA, Addl. CA and NPV in the year 2022-23. The selected intervention sites have crown density of less than 40%. The type of fencing for the proposed intervention sites have been chosen considering the requirement of the site, particularly keeping in view the biotic pressure.

Plantation of only local conifer and broad-leaved species has been proposed. In order to meet the fodder requirements of the local inhabitants, plantation of a suitable mix of indigenous fodder species has been given due consideration. Planting of wild fruit plants has also been proposed to meet the needs of wildlife.

ii. Low cost greening

Low cost greening interventions, like patch sowing and dibbling, have been in practice in the Department for many years. Since the last financial year, seed balls of tree and fodder species are being used in the UT of J&K as a low-cost greening to cover more areas, especially areas with landslides and stabilised muck dumping sites and for supplementing the existing closures. It is proposed to sow a total of **39.47 lakh** patches, **10.21 lakh** dibbles and place/broadcast **25.18 lakh** seed balls of tree and fodder species under CA, Addl. CA and NPV.

iii. Consultation with Panchayats

Panchayats have been consulted by the Implementing Agencies in respect of all site specific interventions proposed. The demands of the local population

for timber, fodder and non-timber forest produce have been given due consideration in all afforestation works.

iv. **Plant production**

The planting stocks will be raised in 200 odd widely spread nurseries of Forest and allied Departments. It is proposed to raise a total of **145.76 lakh** plants, so as to make quality plants available within the area of their utilization to ensure better growth and to minimize transportation cost. Besides **138.82 lakh** plants (mostly conifers) raised in earlier years shall be maintained in nurseries till they achieve plantable size.

Though the territorial and social forestry divisions have made suitable provision for plant production in their APO, it has been observed that divisions at times are not able to meet ever growing demand for planting material from security agencies, educational institutions, religious institutions, NGOs, etc. Therefore, an outlay of Rs 1.00 Crore is proposed to meet the exigency requirements of plant production/planting material.

v. **Beating up of casualties (BUC)**

The provision of BUC has been kept for maintenance of plantation closures raised in earlier years. A total of **23.15 lakh** plants are proposed to be planted to replace the mortalities in such plantation closures.

vi. **Protection of forests from fire**

In J&K conifer forests, particularly Chir forests, are vulnerable to forest fire. However, most of the forest fires had been creeping and ground fires, and have affected only the ground vegetation like shrubs, grasses or natural regeneration and no major loss of forest property due to fire has been reported yet. It is proposed to create/maintain **367 Km of fire lines** in vulnerable forest areas. Besides, seasonal fire watchers shall be engaged for prevention and control operation. Fire control rooms are established during the fire season to prevent fire incidents. Also, the local inhabitants assist field functionaries in preventing forest fires.

vii. **Briquette Making Machine for sustainable utilisation of Chir pine needles and Lantana through local communities**

The Chir pine needles accumulated on forest floor pose significant risk of forest fire. Forest Department has taken initiative to utilize these available Chir pine needles to make useful handicraft products and fuel briquettes. The needles can be converted into briquettes, which can be used as good quality fuel. The IIT, Roorkee has developed briquettes making machine for converting Chir pine into briquettes. Similar machines are also available for

utilization of lantana into fuel briquettes. Considering large forest area under Chir in Jammu region, the briquette making has potential to generate employment for local communities while mitigating the risk of forest fire. Besides, significant forest area in J&K is also covered under lantana. These machines can be utilized by Forest Department to convert lantana into briquettes.

Considering the likely benefits from Briquette Making Machines in mitigation of forest fire and generation of local employment, an outlay of Rs 1.00 Crore is proposed for procurement of Briquette making machines -- 70 manually-operated (Rs 1.00 lakh each) and 03 electrically-operated (Rs 10.00 lakh each).

viii. **Improvement of pastures**

Grazing is one of the major drivers of forest degradation. Due to high livestock population and their dependence on forests for fodder, the forests of J&K are under tremendous pressure. The Agrostology Wing of J&K Forest Department was established by the Government in the year 1991 with the mandate to augment the fodder resources for free distribution to the beneficiaries. Two Agrostology Divisions, one each in Jammu and Kashmir regions, are functioning. The Agrostology Divisions are raising high yielding, palatable fodder and leguminous plant species in their nurseries and transplanting them in the degraded forest areas after fencing the area for protection. During FY 2022-23, it is proposed to sow **20.42 lakh patches** under fodder/pasture development.

ix. **Enrichment planting of medicinal plants**

The non-timber forest products are significant source of employment and livelihood for inhabitants near forests. The important non-timber forest products of J&K are Anardana, Artimesia, Bankakri, Beladonna, Banafasha, Dhoop, Dioscorea, Guchhies, Rasount, Brahmibooti, Kuth and Pyrethrum. Enrichment planting of medicinal plants in forests is being undertaken at suitable locations with a view to enhance biodiversity and in-situ conservation of economically important species. During FY 2022-23, it is proposed to plant 0.54 lakh slips of medicinal plants. Besides, all afforestation closures will include planting of a mix of native NTFP and medicinal plant species.

x. **Protection of forest lands**

The forests of Jammu and Kashmir, comprising a total of 2168 forests, are demarcated by 2,85,000 Boundary Pillars (BPs). Settlement and demarcation of these forests has been carried out during 1894 to 1944 and boundaries

were marked by erecting BPs, which were mostly heaps of stones with coal beneath. With the passage of time, many of the BPs have disappeared which necessitate fixing of new BPs, and the exercise in this regard was started by the Department in early 1990's with pre-cast fixing of RCC BPs. In view of vulnerability of pre-cast RCC BPs to vandalism and deliberate breaking, the Department has started installing new design of in-situ RCC BPs since 2013. As funding available under State Plan is meagre for this massive exercise, CAMPA is supporting installation of BPs through Settlement and Demarcation Divisions. CAMPA is also supporting fencing and installation of BPs by territorial Forest Divisions around those forests which are facing immediate threat of encroachment or have recently been retrieved from encroachment, so as to prevent re-encroachment of such forests. A total of 23,502 boundary pillars are proposed to be installed in FY 2022-23.

xi. **Soil and Moisture Conservation**

J&K being a hilly territory, around 2/3rd of the land is affected by one or the other form of erosion, of which nearly 30% is under severe to very severe erosion. Therefore, construction of Dry Rubble Stone Masonry (DRSM), crate works, contour trenches, water harvesting pits/trenches, ponds and vegetative structures are proposed, as per the requirement of the site, in most of afforestation works by the Forest Department. Some of the major proposed works include stabilisation of slopes of the National Highway (Udhampur to Banihal) through vegetative and mechanical measures (coir logs/geo-textile mats) and stabilisation of avalanche prone areas in Sadna Top (Kehmil Forest Division) and Baltal Trek (Domail to Nagpathri in Sindh Forest Division).

Department of Soil and Water Conservation of J&K has been specifically mandated with formulation and implementation of site-specific schemes to conserve and manage soil and water resources. Salient features of proposals by Soil & Water Conservation Department in APO-2022-23 are as under:

- **Water Harvesting Structures in Forests:** To harvest excess runoff and to recharge ground water aquifers, 142 small ponds using locally available materials have been proposed, especially in water stress areas like Kandi belt of Jammu and Kashmir regions.
- **RCC Check dams:** To recharge ground water aquifers and to benefit the traditional wells and tanks in the downstream, small RCC check dams (26) across the streams have been proposed in Kathua, Samba and Jammu Districts. Out of these, 16 are proposed for FY 2022-23 and remaining 10 will be constructed in the FY 2023-24.

- **Drainage Line Treatment:** The gullies and streams in the forest areas will be treated with DRSM check dams (33000 Cum), Crate works (31000 Cum) and Biological barriers for prevention of soil erosion and conservation of water by adopting ridge to valley approach.
- **Hybrid Fencing** (a mix of angle iron and wooden fence which reduce the cost of fencing upto 30%), bio-fencing (56500 rft) and innovative patch sowing have been proposed.

A total of 98145 cum of DRSM, 43935 Nos of crates, 26738 cum of biological structures are proposed to be constructed in FY 2022-23 by Forest and Soil & Water Conservation Departments.

xii. **Casual watch and ward**

The Forest and allied Departments have engaged casual watch and ward labourers for maintenance of afforestation works/plantation closures as well as for works related to protection of wildlife and its habitat. The CAMPA guidelines issued earlier provided for engagement of watch and ward, one for a plantation closure of 15 Ha size each. Later, in the 12th meeting of Steering Committee of CAMPA held on 26 August 2016, it was decided not to engage any new watch and ward labourer; since then the number of watch and ward persons has remained frozen. CAMPA IAs were asked vide communication No.PCCF/CAMPA/2020-21/899/1153-77 dated 03.11.2020 to carry out fresh audit of casual watch & ward, which has been completed. A total of Rs 7.16 Crore is proposed to meet wages of casual watch & ward in FY 2022-23.

xiii. **Capacity Building of frontline staff**

J&K has three training schools viz Kashmir Forestry Training School, Bandipora; Soil Conservation Training School, Miransahib; and Forest Guards Training School, Doomi, Akhnoor. In addition to mandatory entry level trainings of Foresters and Forest Guards, in-service trainings in demarcation, digitisation of records, forest laws, plantation technology, assisted natural regeneration techniques, implementation of Forest Rights Act, and other technical workshops are conducted.

Due to limited infrastructure in the three schools, it becomes difficult to organize in-service trainings of frontline staff, while the mandatory entry level trainings are going on. Funds for in-service trainings are hardly available under State Plan, whereas such short-term trainings of up to a week have become a necessity in the rapidly changing scenario of forest sector. Hence, funds are provided under CAMPA for augmentation of the basic infrastructure, as well as, for conducting in-service trainings. A total of Rs 1.41 Crore is proposed to

improve training, infrastructure and to provide in-service trainings to the frontline staff for the year 2022-23.

xiv. **Official and residential buildings and other forest protection infrastructure for frontline staff**

Presently existing official and residential buildings for frontline staff are grossly inadequate to meet the requirement of forest protection and management; therefore, CAMPA is supporting construction of official and residential buildings for the frontline staff. Moreover, many of the existing buildings utilised for inspections, monitoring and other CAMPA related works are not adequately maintained due to meagre allocation under state plan, therefore, CAMPA is supporting maintenance and up-gradation of existing buildings too. A total outlay of Rs 19.30 Crore is proposed for this purpose.

Besides, with a view to improve forest protection infrastructure, CAMPA is supporting construction and maintenance of inspection paths, forest roads and check posts. A total outlay of Rs 3.59 Crore is proposed for this purpose.

In addition, CAMPA is also supporting creation/up-gradation of some essential infrastructure of Forest Protection Force (FPF), which was created in 1996 to assist the Forest Department, Wildlife Protection Department and other allied departments in protection/conservation of forests and wildlife. The state plan budget for FPF infrastructure is grossly inadequate to maintain the existing housing barracks of gamma units and other infrastructure for frontline protection staff. A total outlay of Rs 2.92 Crore is proposed for FY 2022-23 for creation and up-gradation of infrastructure in different Gama units.

xv. **Use of Remote Sensing, GIS and other modern communication devices for survey and mapping of forest resources and for forest protection**

CAMPA is supporting modernization of working of forest and allied departments by providing drone, GPS, computers and accessories. Photo Interpretation Division and Remote Sensing wing of the Department of Ecology, Environment & Remote Sensing develop remote sensing and GIS based forest resources data base. Efforts are underway for mapping of forest resources using high resolution remote sensing satellite data. The mapping and digitization of administrative boundaries of forest administrative units, like compartments, beats, blocks, ranges etc. have been carried out. The same have been uploaded on State Spatial Data Infrastructure (SSDI) on the servers of J&K IT Department. The fire vulnerability mapping using GIS, location data and specialised satellite data has been carried out. Simultaneously, use of more apps like NoteCam and mobile GPS apps are being promoted. The use of drones in monitoring is also being made. The uploading of KMZ files and

related information of CAMPA field works on the e-Green watch portal are being carried out by all field offices of the Forest Department.

Biodiversity characterisation and forest density mapping at landscape level are proposed and an outlay of **Rs 3.28 Crore** is kept for these activities in APO 2022-23.

xvi. **Promotion of Awareness**

Implementing agencies of forest and allied departments organise publicity & awareness events like Green J&K Drive, Har Gaon Hariyali from time to time to promote CAMPA activities. It is proposed to make documentary films on Green J&K Drive, Forest Types of J&K, Water bodies of J&K, One Beat Guard One Village Programme, Forest for Livelihood, etc.

Besides, the Department of Ecology, Environment & Remote Sensing is promoting environmental awareness among various stakeholders, namely, students, farmers, nomadic communities, tourists, wild lifers, frontline staff and members of civil society by organizing environmental workshops, conferences, awareness camps and observing environmental days and hosting other green events. An outlay of Rs 0.77 Crore is proposed for promotion of awareness and publicity for FY 2022-23.

xvii. **Survey, Mapping, Studies & Publications**

It is proposed to carry out studies on demand and supply of wood in J&K, distribution of medicinal plants and the potential for their cultivation outside forest lands, and assessment of biodiversity and strategies for its conservation etc. An outlay of Rs 1.68 Crore is proposed for survey, mapping, studies & publications for FY 2022-23.

Research proposals submitted by Sher-e-Kashmir University of Agriculture, Science & Technology (SKUAST) Jammu/Kashmir

The PCCF (HoFF) vide letter dated 28.12.2021 had sought research proposals from SKUAST Jammu/Kashmir for providing solution to field level challenges faced by J&K Forest Department. A list of forest management challenges faced by the department requiring research inputs were also shared with the SKUAST. In response, SKUAST Kashmir has submitted a list of research proposals vide communication dated 06.01.2022.

The following research proposals have been found to be relevant in addressing challenges faced by the department and therefore proposed for funding under CAMPA:

- a) Estimation of Demand and Supply for Industrial wood in Kashmir Region - (Rs 7.37 lakh)

- b) Production of quality planting material of Important Conifer species through Fertigation for Afforestation Programmes – (Rs 11.50 lakh).
- c) Entrepreneurship and value addition of important underutilized wild edible fruits for livelihood development of forest fringe communities – (Rs 8.50 lakh).
- d) Establishment Forest Cooperative for collection and value addition of Morchella esculenta (Gucchi) in Ganderbal, Kashmir -- Model for livelihoods through developing Non Timber Forest Products (Rs 8.00 lakh).
- e) Establishment of high value energy plantation models for alternative fuelwood resources in Kashmir (Rs 10.00 lakh).
- f) Grazing Management of the subalpine grasslands and pastures of Sonamarg, Kashmir for enhanced productivity (Rs 5.00 lakh).
- g) Site and demand matching fodder species ideation as supplementary forests in Kashmir Valley – (Rs 8.00 lakh).

Total cost of above research projects is Rs 0.58 Crore. All proposals are to be implanted in two years, except the proposal at S.No.4 which will be completed in one year i.e. 2022-23.

Accordingly, an outlay of Rs 0.30 Crore is earmarked for funding the above projects in FY 2022-23 through the Resources Survey Division of the department.

xviii. **Afforestation by Social Forestry Department**

CAMPA is supporting Social Forestry Department in raising of village woodlots, rehabilitation of degraded forests, raising of avenue plantations and institutional plantations, so as to meet the needs of local inhabitants for firewood, fodder and other tree products as well as to support wood based industries.

J&K Social Forestry Department has constituted 4,289 Village Panchayat Plantation Committees (VPPCs) with the objective to involve villagers in preparation and implementation of afforestation programmes. The Department proposes to plant 13.75 lakh plants under various categories, sow 1.47 lakh dibbles, 3.57 lakh patches, 2.10 lakh grass slips and 0.28 lakh seed balls in FY 2022-23.

Main interventions proposed by Social Forestry Department in APO-2022-23 are as under:

- Production of quality planting material through improvement of infrastructure and modernization of nurseries; increasing diversity of species of plants with focus on multipurpose indigenous species; and Introduction of genetically superior short rotation clones of Poplar & Eucalyptus to promote agro-forestry.

- Soil & water conservation interventions include trench planting, construction of 60 water harvesting ponds and 1800 staggered contour trenches.
- Improving quality of existing plantation units through repair/renovation and enrichment planting, removal of weeds, fire prevention measures and silvicultural interventions.
- Eco-restoration of Basantar watershed in Parmandal area through ANR/AR in 30 hectare degraded forest area, soil & water conservation interventions (ponds, check dams and contour trenches), silvicultural interventions, ornamental plantation and development of nature trails.

xix. **Major thrust to livelihood supporting activities**

In APO 2022-23, plantation of those species which have potential to generate livelihood for local inhabitants has been given due consideration. Some of these proposals, based on initiative of forest department, are as under:

- Promotion of Chikri (*Buxus wallichiana*) plantation in Rajouri and Poonch Forest Divisions in order to support local traditional Chikri handicraft artisans.
- Wicker Willow plantation in Sind Division to support traditional wicker work.
- Parrotia (Pohu) plantation in Anantnag/Kulgam Divisions to support Kangri weavers.
- Walnut and hazelnut plantation in Kamraj Forest Division to provide income from fruits to local inhabitants.
- Mulberry plantation in Kamraj and Nowshera Forest Divisions to support sericulture & fodder production.
- Promotion of Bamboo plantation in Kathua, Jammu, Samba, Billawar and Reasi Forest Divisions.
- Promotion of NTFP planting in all the forest divisions.
- Pine needle handicrafts and pine briquette making in Nowshera, Rajouri and Reasi Forest Divisions.
- Planting of fodder species, both grass slips and fodder tree species, in all the units for fodder resource augmentation.

xx. **J&K Biodiversity Council**

The Council has submitted a proposal under CAMPA for survey of biodiversity, documentation and printing of People's Biodiversity Registers and awareness events for total amount of Rs 37.00 lakh.

21.III.b Protected Areas (National Parks and Wildlife Sanctuaries) under NPV

Management of protected areas

The UT of Jammu and Kashmir has immense diversity of flora and fauna. During the Rule of Maharaja, a number of areas were kept as Shikargahs or Rakhs for hunting. With the enactment of Jammu and Kashmir Wildlife Protection Act 1978, conservation efforts were legalized by declaring National Parks, Sanctuaries and Game Reserves by the Government. The erstwhile Jammu & Kashmir Wildlife

Protection Act 1978 was amended in the year 2002 and brought at par with Indian Wildlife Act. With the enactment of Jammu & Kashmir Reorganization Act, 2019, the Central Act i.e. Indian Wildlife Act 1972 has become applicable to Jammu and Kashmir w.e.f 31st Oct, 2019.

At present, the Jammu & Kashmir Wildlife Department is undertaking wildlife management and conservation activities in 3 National Parks, 14 Wildlife Sanctuaries and 30 Conservation Reserves, which includes 14 Wetland Conservation Reserves. The area under wildlife protection network in UT of J&K is 4898.34 Sq. kms, which is 11.8% of geographical area (within LOC) of UT of J&K. With the increase in human and livestock population as well as increasing developmental activities, forest as well as wildlife areas have come under tremendous pressure. This has resulted in increase in human-animal conflict. The department has to undertake various protection and conservation activities for the wildlife management in these areas and address the issues of human-animal conflict resolution, both inside and outside Protected Areas.

The proposed APO of Wildlife Protection Department for Management of Protected Areas (PAs) for FY 2022-23 is summarized as under:

1	Wildlife Management related activities permitted under Rule 5(2) of CAF Rules, 2018	Unit	Quantity	Cost (Rs in lakh)
	Improvement of Wildlife habitat: 475 ha			
	Fencing-SPCC8BABW4	ft	36380	34.37

21.III.c Utilization of Interest accrued on deposits on State Fund

Rule- 6 of CAF Rules, 2018 provide for manner in which interest accrued on the deposits in the State Fund shall be utilised. Rule 6 (a) provides that not less than 60% of the accrued interest shall be utilised on forest and wildlife conservation activities and for meeting salary and allowances of regular and contractual staff of CAMPA. Rule 6 (b) provides that not more than 40% of the interest on deposits in the State Fund shall be spent for meeting the non-recurring and recurring expenditure of the State Authority on management of office expenses, purchase of office equipment, hiring of staff car and other contingency. Though the amount of interest accrued on the deposit in the State Fund (Rs 1000 Crore) has not yet been worked out, but it is estimated to be a large sum (taking annual interest rate of 5%, annual accrual of interest on deposits would be more than Rs 50.00 Crore).

i. CAMPA Secretariat Staff

Presently CAMPA Secretariat is part of the office of the PCCF & HoFF, J&K Forest Department and also housed in that Office. CAMPA Secretariat has very small staff strength. In addition to CEO, CAMPA, there is one Head Assistant working as Section Officer and few junior officials (computer knowing) working as Office Assistants and Computer Operators, all posted from the Forest Department and they draw their salaries from the Forest Department. The Accounts Section of PCCF office headed by Chief Accounts Officer handles accounts matters of CAMPA Secretariat.

As per the Central CAF Act, 2016, the State CAMPA can create posts of Joint and Dy. CEOs, Financial Advisor/Chief Accounts Officer, Assistant Conservator of Forests and other Officers and Officials to assist the Steering

Committee and Executive Committee in performance of its functions. Accordingly, a proposal for creation of posts stands submitted vide communication No.PCCF/CAMPA/2020/1085/1574 dated 17.06.2020 to the Administrative Department (Forests) as per the decisions of Steering Committee of CAMPA in its 18th meeting held on 20.02.2020. The proposal for creation of posts is under consideration of the Government.

ii. Need Based Persons

Rule-6 of SRO 354 of 2009 dated 11.11.2009 provided for utilization of a minor part of the CAMPA fund for disbursement of wages of the 'need based persons' engaged for the purposes of CAMPA works in order to make it operational. Accordingly, 50 'need based persons' have been engaged in pursuance of the decision of Steering Committee of CAMPA in its 6th meeting held on 24.09.2012.

Further, the CAF Rules 2018, Rule 6 (a) (iv) provides for meeting wages of contractual staff of CAMPA. Wages of need-based persons are being paid under this provision. Their wages are paid on the basis of monthly active duty certificate given by their controlling officers.

iii. Budget of CAMPA Secretariat

The proposed outlay of Rs 2.95 Crore for CAMPA Secretariat includes office expenses, PoL, wages of need based persons, maintenance of CAMPA office, sitting fee, financial audit of CAMPA accounts, advertisement and publicity, development of CAMPA Portal and website and other contingencies.

iv. Other activities for management of the forests and wildlife not referred to in sub rule (2) and (3) of rule 5 of CAF Rules 2018.

Greening of State Land retrieved from encroachments.

The Revenue Department has informed that the department has retrieved large chunks of state land from encroachment in recent months. That department has suggested that these lands can potentially be utilized to raise plants of various species to meet the requirements of the local communities for small wood/timber, fodder/grass and other non-timber forest products and enhance aesthetics of rural/urban areas. Further, that department has suggested that the legal status of such lands should remain state land, so that these lands can be utilised for development purposes, as and when required. The Social Forestry Department shall liaise with the Revenue Department to map such lands and prepare detailed plan before undertaking the plantation works. Accordingly, an outlay of Rs 5.00 Crore is proposed for providing

protective fencing and raising short rotation economically useful plants on retrieved state lands offered by the Revenue Department.

Hiring of vehicles to increase mobility of field staff for strengthening forest protection

Challenges of forest protection are increasing day by day. The need for effective patrolling by field staff of areas vulnerable to forest damage, forest fire and encroachment cannot be over emphasized. Presently, each territorial forest division has been provided with one vehicle, which is mainly used by DFO/Division level officer. The field staff of the rank of Range officer and below have not been provided with any vehicle for patrolling which is seriously affecting the forest protection. Considering the urgent need to provide mobility to field staff, an outlay of Rs 0.50 Crore is proposed for hiring of vehicles, as and when required for forest protection purposes by the vulnerable forest divisions.

S. No.	Item of Work	Financial targets for FY 2022-23 (Rs in lakh)
a)	Expenditure covered under Rule 6 (a) of Central CAF Rules, 2018	
(i)	Outsourcing of Upkeep for need based persons and allowance to non-official members of Executive/Steering Committees of CAMPA	90.00
(ii)	Sitting fees	5.00
b)	Expenditure covered under Rule 6 (b) of Central CAF Rules, 2018	
(i)	Office Expenses (OE)	20.00

Description of main activities in the APO

S:No.	Name	Type	Description
1	BUC Planting	BUC NR Trench	Planting of NR saplings in the trenches of 90 cm x 45 cm x 45 cm size staggered pits. Limited to 25 percent after one year, 15 percent after second year and 5 percent after third year
2	BUC Planting	BUC PB Trench	Planting of poly bagged saplings in the trenches of 90cm x 45 cm x 45 cm size staggered pits. Limited to 25after one year 15 after second year and 5 after third year
3	BUC Planting	BUC NR Pit	Planting of NR saplings in the pits of 45 cm x 45 cm x 45 cm size staggered pits. Limited to 25 after one year 15 after second year and 5 after third year
4	BUC Planting	BUC PB Pit	Planting of poly bagged saplings in the pits of 45 cm x 45 cm x 45 cm size staggered pits. Limited to 25 after one year, 15 after second year and 5 after third
5	Dibbling	Dibbling	Includes cost and dibbling of 2 healthy seeds/dibble
6	Fencing	Live hedge	Includes planting of species like ipomea, zizyphus, agave along the boundary all costs inclusive.
7	Fencing	AI8BABW6	Fencing using angle iron fence posts with spacing 8ft in cc block/toe wall with BA Barbed wire in 6 strands Based on the PWD sanctioned schedule of rates
8	Fencing	Custom Fencing	Based on the PWD schedule of rates
9	Fencing	AICHL6H	Angle iron/Steel fence post chainlink fencing using 2.5 mm dia meshwire 6 ft wide along with cement concrete toe wall as per PWD rates
10	Fencing	SPCC8BW6-2D	square PCC post FCFP-4, spacing 8ft, every post in cement concrete block with six strands of barbed wire and two diagonal crossers based on PWD rates
11	Fencing	Stonewall fencing	Based on the PWD sanctioned schedule of rates
12	Fencing	AI8GIBW6	Fencing using angle iron fence posts with spacing 8ft in cc block/toe wall with GI Barbed wire in 6 strands and two diagonal crossers Based on the PWD sanctioned schedule of rates
13	Fencing	W8BABW4	Wooden post fencing, size of posts 1.85 m with mid girth 8in and 1.5ft to 2ft depth in ground, spacing 8ft, BA-BW wire 04 strand
14	Fencing	TPCC8BABW4	Triangular PCC post PCFP-3, spacing 8ft, every 6th post along straight line and every corner post in 9inx9inx1.5ft cement concrete block, BA-BW wire 04 strand
15	Fencing	SPCC10BABW4	Square PCC post PCFP-4, spacing 10ft, every 8th post along straight line and every corner post in 1ftx1ftx1.5ft cement concrete block, BA-BW wire 04 strand
16	Fencing	SPCC8BABW4	Square PCC post PCFP-4, spacing 8ft, every 10th post along straight line and every corner post in 1ftx1ftx1.5ft cement concrete block, BA-BW wire 04 strand
17	Fencing renovation	Fencing Renovation	Renovation of fencing in case of natural calamities/fire/theft and with the approval of CCF
18	Fencing repair	Fencing Repair	Repair of fencing after 05 years of establishment and where there is no watch and ward
19	Fencing repair/renovation	Chainlink Repair/Renovation	Repair/renovation as per requirement on PWD rates
20	Fire Line	New fire line	Construction of 10 m wide permanent fire line of standard specification, rate includes cost of cutting, burning, disposal of bushes, removal of dry leaves, humus and inflammable material
21	Fire line maintenance	Fire line maintenance	Maintenance of 10 m wide permanent fire line of standard specification, rate includes cost of cutting, burning, disposal of bushes, removal of dry leaves, humus and inflammable material
22	Forest boundary management	BP Installation insitu	Insitu fixing of RCC boundary pillar of size 6ftx1.6ftx6in using 4 NOS of 6ft long 10mm thick MS bars and 8 NOS 16in long 8MM thick MS crossers
23	Forest boundary management	BP Installation precast	Fixing of precast RCC boundary pillar of length 105cm with basal crossection 12.5cmx12.5cm and top end crossection 10cm x 10cm with 60cmft below ground in pit of size 45 cm x 45cm x 60cm
24	Forest boundary management	Joint boundary survey	Reconnaissance survey of forest boundary, chaining, clearance of bushes, fixing of temporary wooden posts, recording of geo coordinates of boundary pillars and recording of description of boundary pillars
25	Grass slips in patches	Grass slip patch	Planting the grass slip in patches and work includes cost of grass slips, labour and carriage upto the site
26	Inspection paths	Inspection path 1.0m	Inspection path of 1.0 m width with standard specification, rate includes cost of material as well as labour

27	Inspection paths	Inspection path 1.5m	Inspection path of 1.5 m width with standard specification, rate includes cost of material as well as labour
28	Mawa planting	Mawa Jumper Planting	Planting of Mawa by jumper planting method; the basal end of Mawa should be embedded inside the soil upto a depth of 1.5ft to 2ft
29	Mawa planting	Mawa Extraction	Extraction of standard size mawa at 10inch long with min mid girth 4inch obtained from forest plantations
30	MFP slips in patches	MFP slip patch	Planting the MFP slips in patches and work includes cost of MFP slips, labour and carriage upto the site
31	Patch Sowing	Patch 45cmx45cmx15 cm	sowing of seeds in 45 cm x 45 cm x 15 cm size patches including cost of seeds and labour
32	Plant maintenance	maintenance-5X5-1	First Year Maintenance of 5inx5in Plant
33	Plant maintenance	maintenance -7X5-1	First Year Maintenance of 7inx5in Plant
34	Plant maintenance	maintenance-18X14-3	Third Year Maintenance of 18inx14in Plant, includes the cost of replacement of rotten polybag
35	Plant maintenance	maintenance-18X14-2	Second Year Maintenance of 18inx14in Plant
36	Plant maintenance	maintenance-18X14-1	First Year Maintenance of 18inx14in Plant
37	Plant maintenance	maintenance 9X6-3	Third Year Maintenance of 9inx6in Plant, includes the cost of replacement of rotten polybag
38	Plant maintenance	maintenance 9X6-2	Second Year Maintenance of 9inx6in Plant
39	Plant maintenance	maintenance 9X6-1	First Year Maintenance of 9inx6in Plant
40	Plant production	Raising of Naked Root saplings	The rate includes the cost of all components including the cost of seed well rotten FYM weeding hoeing and maintenance for one year.
41	Plant production	Purchase of nursery related equipment	Purchase of pumps, sprinklers, machinery and equipment
42	Plant production	Maintenance repairs and renovation of nursery infrastructure	Repair, renovation of infrastructure in nurseries for maintenance and upgradation.
43	Plant production	New infrastructure for plant production in nursery	Greenhouse, shade nets, irrigation and similar activities required for plant production.
44	Plant production	5x5 PB raising	Raising of saplings in polythene bags of 5inx5in size and rate includes cost of polybag, FYM, seed, pesticide ratio of FYM and Good Earth should be 2:3
45	Plant production	7x5 PB raising	Raising of saplings in polythene bags of 7inx5in size and rate includes cost of polybag, FYM, seed, pesticide ratio of FYM and Good Earth should be 2:3
46	Plant production	18x14 PB raising	Raising of saplings in polythene bags of 18inx14in size conforming to product code PB-60/90 and rate includes cost of polybag, FYM, seed, pesticide ratio of FYM and Good Earth should be 2:3
47	Plant production	9x6 PB raising	Raising of saplings in polythene bags of 9inx6in size conforming to product code PB-60/90 and rate includes cost of polybag, FYM, seed, pesticide ratio of FYM and Good Earth should be 2:3
48	Plant production	New Nursery Formation	Formation of new permanent nursery and includes cost of tractorization, soil working upto 2ft, raising of bunds, creation of beds, water channels, paths etc
49	Planting	Custom	Planting in special projects like parks, avenues, city forest
50	Planting	N Root in Trench	Planting of naked root saplings in the trenches of size 90 cm x 45 cm x 45 cm in staggered trenches with one plant in each trench
51	Planting	PBag in Trench	Planting of poly bag raised saplings in the trenches of size 90 cm x 45 cm x 45 cm in staggered trenches with one plant in each trench
52	Planting	N Root in Pit	Planting of naked root saplings in the pits of size 45 cm x 45 cm x 45 cm in staggered pits along contours/flat surface
53	Planting	P Bag in Pit	Planting of poly bag raised saplings in the pits of size 45 cm x 45 cm x 45 cm in staggered pits along contours/flat surface
54	Seed balls	Seed balls	Cost of seed, pesticides, vermicompost and labour involved in the whole process of preparation of seed balls to storage and dissemination

Government of Jammu & Kashmir Office of the Pr. Chief Conservator of Forests & HoFF Jammu & Kashmir Forest Department

Minutes of the 21st Meeting of the Steering Committee of Jammu and Kashmir Compensatory Afforestation Fund Management and Planning Authority (CAMPA).

The 21st meeting of the Steering Committee of J&K Compensatory Afforestation Fund Management and Planning Authority (CAMPA) was held on 8 February 2022 under the Chairmanship of Dr. Arun Kumar Mehta, Chief Secretary, Jammu & Kashmir Government (Chairman, Steering Committee of CAMPA).

2. Administrative Secretaries of Departments of Finance, Agriculture, Science & Technology, Forest, Environment & Ecology, Rural Development, Panchayati Raj, Revenue, Tribal Affairs, Planning & Monitoring; and Heads of Departments and senior officers of Forest and allied Departments participated in the meeting. Shri C.D. Singh, DDG, Integrated Regional Office Jammu, Ministry of Environment, Forest & Climate Change, Government of India and non-official member Ch. Asif Iqbal (Advocate) also participated the meeting. List of participants is placed at Annexure 1.

3. At the outset, Dr Mohit Gera, PCCF (HOFF) gave an overview of the major initiatives of the Government including Green J&K Drive, *Har Gaon Hariyali*, creation of livelihoods from forests as well as from eco-tourism. He also spoke on major achievements of Forest and allied departments during the current year.

4. Agenda point-wise discussions and decisions of the committee are summarized as under:

Agenda Item and discussions	Decision of the Committee
<p>Agenda Point No.21.1 - Part-I Brief History and past performance.</p> <p>A brief account of past performance of J&K CAMPA was presented before the committee covering the following points:</p> <ul style="list-style-type: none">• Forests and forestry sector in UT of J&K including the India State of Forest Report 2021 pertaining to J&K.• Compensatory afforestation, other forestry and related schemes undertaken (physical and financial) from the State Fund.	<p>The Committee noted with satisfaction almost three-fold scale-up in CAMPA activities in last two years.</p> <p>The Committee directed the department to take measures for rehabilitation of degraded forest areas in a time bound manner.</p>

JK ✓

- Total forest area diverted and compensatory afforestation carried out in the UT of Jammu and Kashmir.
- The monitoring work done by the Forest Department and the independent third party.
- Fund Position of CAMPA and audit of CAMPA accounts.
- Action taken on the decisions of the last meeting of the Steering Committee held on 16 November 2021

The Committee was apprised about the progress in execution of the current year's APO and preparation of APO for FY 2022-23. In the current financial year, till end of January 2022, a total of 7248 ha degraded forest area has been rehabilitated with planting of about 40 lakh plants, including Beating-Up of Casualties (BUC), in Monsoon and autumn seasons. The Committee was assured that the targets of the current financial year are likely to be achieved in full.

The current pace of rehabilitation of degraded forests in relation to the total forest area under degraded forests was also discussed at length. The Committee was apprised that during the last two years, CAMPA has scaled-up its activities almost three-fold. Against an average annual coverage of 5000 ha till 2019-20, the department will cover rehabilitation of about 14,000 ha area in the current financial year and about 18,000 ha in the next financial year.

The present status of encroachments on forest lands, eviction drives undertaken by the department in recent past, and measures for completing the eviction in a time bound manner were discussed in detail. It was apprised that out of 100 largest encroachers, the forest lands have been retrieved fully/partially from 60 encroachers, and in overall, the department has retrieved around 25000 kanals of land from encroachers.

As regards APO 2022-23, it was informed that the whole process of preparation of APO, including scrutiny by senior officers, have been performed online using CAMPA portal. Detailed site-specific plans for rehabilitation of degraded forests, alongwith their location maps, have been prepared for the next financial year. Each work has been given unique ID to ensure its execution, monitoring and maintenance for effective outcome.

As regards encroachments, the committee directed the department to carry out the evictions keeping in view the provisions of the Forest Rights Act. This exercise needs to be completed, with the assistance of the Revenue Department, in a time bound manner.

Ja ✓

Agenda Point No.28.II - Activities to be undertaken for compensatory afforestation, additional compensatory afforestation and for any other site-specific scheme

The committee was apprised about the proposed works in APO 2022-23 under Compensatory Afforestation (CA) for amount of Rs 14.14 Crore, under Addl. CA for amount of Rs 2.47 Crore, and under Integrated Wildlife Management Project titled 'Mitigation Plan for Kishtwar High Altitude National Park (KHANP)' for amount of Rs 16.15 Crore.

A total of 12.18 lakh plants are proposed to be planted under CA, Addl. CA and Mitigation Plan for KHANP. Besides, low-cost afforestation measures -- patch sowing, dibbling and broadcast of seed balls -- and soil and water conservation works are proposed. The Mitigation Plan for KHANP prepared by the Wildlife Protection Department is currently in 2nd year of its implementation.

The Committee considered the APOs under CA and Addl. CA and Mitigation Plan of KHANP and approved.

Agenda Point No.28.III - Activities to be undertaken from Net Present Value and Interest component referred in rule 5 and rule 6

The Committee was apprised about the proposed works in APO 2022-23 under NPV (Forest) for amount of Rs 229.40 Crore and under NPV (Protected Area) for amount of Rs 26.53 Crore. The Committee was also apprised about the works proposed under 'Interest accrued on deposits in the State Fund' for amount of Rs 8.45 Crore.

A summary of works proposed under NPV is as under:

- a) Detailed site-specific plan along with their location maps for rehabilitation of a total 15,856 ha of degraded forest area (including wildlife habitats under Protected Area network) under NPV have been prepared using CAMPA portal. Protective fencing and planting of about 108 lakh plants (including Beating up of Casualties in afforestation works of previous years), are proposed for rehabilitation of degraded forests. The rehabilitation plan includes broadcast of 24.71 lakh seed balls and sowing in 33.82 lakh patches and 8.92 lakh dibbles as low-cost afforestation measures.
- b) Soil conservation measures like construction of Dry Rubble Stone Masonry, crates and water harvesting

The Committee considered and approved the APOs under NPV (Forest) for amount of Rs 229.40 Crore, under NPV (Protected Areas) for amount of Rs 26.53 Crore and under interest component for amount of Rs 8.45 Crore.

The Committee further gave the following directions to the department:

- i. Fodder production from forests and revenue lands need to be augmented to meet the requirements of livestock. In this regard, a committee comprising senior officers of Forest and Agriculture departments shall be constituted.
- ii. The Department should take measures to protect forests vulnerable to fire, particularly in Trikuta Hill areas.
- iii. While choosing the species for afforestation, a mix of indigenous fruit bearing species may also be considered for

structures/ponds have been accorded a high priority in order to give fillip to eco-restoration efforts. It was explained that while implementing its APO, Soil and Water Conservation Department shall ensure spatial segregation of its intervention sites with that of the Forest Department.

- c) The APO 2022-23 includes proposal for protection of forest lands from encroachment by erecting 23,500 boundary pillars. The APO includes measures for protection of forests from fire and strengthening of infrastructure by construction of official and residential buildings for frontline staff, check posts, watch towers and other forest protection infrastructures.
- d) For modernization of the functioning of the Department, the proposals under APO 2022-23 include use of remote sensing and GIS tools for preparation of digital maps and procurement of equipment like CCTV, drones, camera traps and GPS.
- e) The proposed activities of Wildlife Protection Department relate to improvement of wildlife habitat, soil and water conservation works, maintenance of animal rescue centres, eco-development activities and development of wildlife related infrastructure.
- f) Thrust to livelihood supporting activities has been given in the APOs, some of which are as under:
- Promotion of Chikri (*Buxus wallichiana*) plantation in Rajouri and Poonch Forest Divisions in order to support local traditional Chikri handicraft artisans.
 - Wicker Willow plantation in Sind Division to support traditional wicker work.
 - Parrotia (*Pohu*) plantation in Anantnag/Kulgam Divisions to support Kangri weavers.
 - Walnut and hazelnut plantation in Kamraj Forest Division to provide income from fruits to local inhabitants.
 - Mulberry plantation in Kamraj and Nowshera Forest Divisions to support sericulture & fodder production.
 - Promotion of Bamboo plantation in Kathua, Jammu, Samba, Billawar and Reasi Forest Divisions

securing food availability to wild animals.

- iv. All Panchayats should be covered under **Har Gaon Hariyali** programme involving Forest and Social Forestry departments.
- v. Avenue plantations on both sides of major roads, wherever feasible, shall be taken up by the Department.

Further, additional APOs in respect of following proposals shall be prepared by the Department for approval of Chairman, Steering Committee, on file:

- i. For protection of forests vulnerable to encroachment, the activity of fixing Boundary Pillars needs to be further scaled-up. In this regard, the Department should prepare additional APO for erecting boundary pillars to cover such areas in a time bound manner.
- ii. Additional APO shall be prepared for comprehensive eco-restoration of forest areas around Patnitop-Nathatop (Sanasar) road, in a phased manner. APO for any other required allied activity, including research, may also to be put up.

Ja 7

<ul style="list-style-type: none"> • Promotion of NTFFP planting in all the forest divisions. • Pine needle handicrafts and pine briquette making in Nowshera, Rajouri and Reasi Forest Divisions. • Planting of fodder species, both grass slips and fodder tree species, in all the units for fodder resource augmentation. <p>Besides, the Committee's attention was sought towards proposals under Interest component, which include proposals under rule 6 b (vi) relating to hiring of vehicles for amount of Rs 0.50 Crore and greening of the State land for amount of Rs 5.00 Crore.</p>
