

**GOVERNMENT OF MIZORAM
OFFICE OF THE PRINCIPAL CHIEF CONSERVATOR OF FORESTS
DEPARTMENT OF ENVIRONMENT, FORESTS & CLIMATE CHANGE
MIZORAM:AIZAWL**

No.B.20018/1/2022-CAMPA/PCCF /208

Dated Aizawl, the 6 June,2023

To,

Chief Executive Officer,
National Authority, CAMPA
Government of India,
Ministry of Environment, Forests & Climate Change,
Indira Paryavaran Bhavan,
Jorbagh road, Alliganj, New Delhi- 110003
E-mail: *adhoc-campa-mef@nic.in*

Subj: ***Annual Plan of Operation – 2023-24 of Mizoram State CAMPA.***

Sir,

Kindly find enclosed herewith Annual Plan of Operation, Mizoram State CAMPA for the year 2023-24 with a budget outlay of Rs. 17.03crore for kind consideration and approval. The APO has been approved by the Steering Committee of the State CAMPA in its meeting held on 11.05.2023. A copy of the minutes of the meeting of the Steering Committee is already sent to you vide letter No.B.20018/29/2016-CAMPA/PCCF/88-93 dt.31.5.2023 (copy enclosed for ready reference).

It is therefore, requested to kindly approve the APO (2023-24) with sanction of the required funds for timely implementation of the work in accordance with APO (2023-24) under CAMPA. Further, the relevant information in Annexure-II, III & IV is also enclosed herewith as prescribed vide letter No.NA-15/1/2022-NA dated 16.5.2023 please.

Enclo: As above

Yours faithfully,

(R.S SINHA)

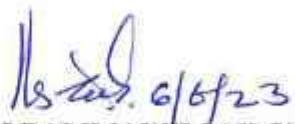

Memo No.B.20018/2/2022-CAMPA/PCCF

Addl. Principal Chief Conservator of Forests

Copy to :

Dated Aizawl, the _____ June, 2023

Under Secretary to the Govt. of Mizoram, EF&CC Department for information.

(LALRAMMAUI SAILO)

Conservator of Forests (FC)

**MINUTES OF THE MEETING OF STEERING COMMITTEE OF STATE AUTHORITY
(CAMPA) HELD ON 11.05.2023 AT THE CHIEF SECRETARY CONFERENCE HALL**

A meeting of Steering Committee of State Authority (CAMPA) was held on 11.05.2023 at the Conference Hall of Chief Secretary, Mizoram to scrutinize and approve the draft Annual Plan of Operation (APO) of CAMPA for the year 2023-24. The draft APO was earlier discussed in the meeting of Executive Committee held on 28.3.2023. The Steering Committee was chaired by the Chief Secretary, Govt. of Mizoram. The attendance sheet of participants who attended in person is appended at Annexure-I. Deputy Inspector General of Forests (C), Regional Office, Shillong attended the meeting through VC.

Chief Secretary welcomed the participating members of the Steering Committee. The activities proposed in the draft APO of 2023-24 approved by the Executive Committee were placed before the Steering Committee and the corrected APO as per decisions taken in the Steering Committee meeting is as given below :-

1. Division wise Physical & Financial targets of CA proposed for APO 2023-24 :

Sl. No	Name of FC Proposal	Division	Phy. Target (in ha)	Work Items	Fin. Target (in Rs.)
1	Construction of 132 Kv Transmission Line (Sakawrtuichhun - Sihmuui)	Aizawl	18.78	1st Year Maintenance	2,06,171
2	Widening & Upgradation of NH-54 to 2-lane (Package-3) km 250-380 within Lawngtlai District	LADC	4.81	1st Year Maintenance	52,805
3	Widening & Upgradation of NH-54 to 2-lane (Package-3) km 250-350 within Siaha District	MADC	6.37	1st Year Maintenance	69,931
4	Widening & Upgradation of NH-54 to 2-lane (Package- 1&2) km 8.00-250 within Aizawl & Lunglei District	Darlawm	12.09	2nd Year Maintenance	88,484
5	Construction of NH-150	Darlawm	23.69	2 nd year maintenance	1,62,040
6	IBB Fencing inside Dampa Tiger Reserve	Darlawm	717	2nd Year Maintenance	52,47,580
7	Construction of bridge over Kawrawnglui	Lunglei	0.2424	5th Year Maintenance	1,380
8	MSRP-II, Gr-I (Tlabung - Kawrpuiichhuah road)	Darlawm	4.98	5th Year Maintenance	28,348
9	Construction of railway BG line from Bairabi - Sairang	Darlawm	46.555	7th Year Maintenance	2,27,151
10	MSRP-II, Gr-I (Chhumkhum - Chawngte road)	Darlawm	3.85	7th Year Maintenance	18,785
11	Construction of BG railway line from Bairabi - Sairang	Darlawm	27,933	8th Year Maintenance	1,36,291
Sub-Total (a) :			866.3004		62,38,966
Amount to offset from Interest (b) :					1,62,040
Total for CA (a -b) :					60,76,926

2. The proposed activities under NPV and interest components were then presented as follows :

ABSTRACT OF COST OF NET PRESENT VALUE (NPV)

Core activities (not less than 80%)

S. No.	Item of Works	Physical target	Fin. target (Rs. in lakh)	Relevant CAF Rule(s)	Remarks/Justification
1	Promoting conservation of Community/ Village Forests maintained by local people and NGOs (Protection & enrichment planting)	100 hectare	80.00	5(2)(a)	There are about 700 villages in Mizoram and most of them have safety, supply and community reserve forests with YMA Parks. To ensure their protection and conservation some technical and financial support is required. It will promote conservation of these community/village forests,
2	Maintenance of tall seedlings for Avenue Plantations in some forest divisions	200000 nos. @ Rs. 15/-	30.00	5(2)(b)	Since soil erosion and land slide in Mizoram is very common due to hilly terrain thus, Avenue Plantation on road sides will not only stabilize the soil but will also ameliorate aesthetic aspect.
3	Forest Fire Management: Forest fire prevention and control operations :- i) Maintenance of fireline ii) Engagement of fire watcher for 3 months @Rs 11,400 per month iii) Awareness & Control Operation	i) Maintenance of fireline - 468.02 km ii) Engagement of fire watcher - 93 nos. iii) Awareness & Control - LS	150.00	5(2)(f)	Forest fire in remote hilly areas is quite common due to prevalent jhum burning thus, prevention measures viz. maintenance of fire-lines, engagement of fire watchers in peak session, construction of watch towers, etc. are required annually.
4	Protection of plantations and forests	16 divisions	100.00	5(2)(d)	Due to acute shortage of field staff, the protection of forests & plantations is required with engagement of local people with transportation of seized forest products from interiors, etc.
5	Soil & Moisture Conservation works viz. gully plugging, check dams, etc. in the forests	i) Checkdam – 139 nos @1 lakh /no ii) Gully plugging – 3 nos @2 lakh/no iii) Log Wood checkdam – 6 nos @0.50 lakh/no iv) Gabio checkdam – 2 nos @1 lakh/no	150.00	5(2)(g)	Mizoram being a hilly State with steep slopes thus, soil erosion and land slide is very common in hilly terrain with drought in some areas during dry season thus, S&M Conservation activities are felt necessary.

6	Improvement of wildlife habitats	i) Creation of Arid Grassland – 20 ha @0.5 lakh /ha ii) Water hole – 20 nos @0.5/ha iii) Gap filling planting – 50000 nos @50 per seedlings iv) Habitat improvement with S&M measures	85.00	5(2)(i)	To conserve the rich biodiversity in the State in line with prescriptions of approved WL Management Plan/Working Plan the WL habitats need to be improved.
7	Advance Work of Aided Natural Regeneration (ANR) in Aizawl, Champhai, Kolasib, Lunglei, N. Vanlaiphai, Thenzawl, Tlabung, Aizawl WL, Khawzawl WL, Chhimtuipui WL, MADC, DTR	1800 ha @Rs 11,400 /ha	205.20	5(2)(a)	Enrichment of degraded forests. (As per FSI's ISFR 2021, the Mizoram has 56.68% of open forests out of 84.53% forest cover thus, enrichment of open forests is indispensable.
8	Creation of Seed Production Areas (SPAs) under different Forest Divisions	3 Potential territorial divisions	25.00	5(2)(m)	For raising quality planting material, creation of Seed Production Areas (SPA) is indispensable thus, it may be initiated in 5 forest divisions.
9	Lidar Based Project (SMC works, ANR etc)	Kawrthah & Mamit Division	100.00	5(2)(m)	Forest enrichment, watershed management activities to recharge ground water and other water resources
10	Forest fire prevention and control operations: procurement of forest firefighting equipment.	All territorial and wildlife divisions	50.00	5(2)(f)	Forest fire incidences are common in hilly areas thus, prevention and control with procurement of fire fighting equipment is necessary.
11	Procurement of energy saving devices viz. solar lights for field offices, etc.	Field offices, check-posts, nurseries, etc.	50.00	5(2)(l)	For energy saving in field offices, nurseries, etc.
12	Protection measures viz. engine boats, patrolling path, water supply to nurseries, etc.	8 divisions viz. Aizawl, Darlawn, Kawrthah, Kolasib, Champhai, Aizawl WL, DTR, Protection.	80.00	5(2)(d)	Many illegally transported exotic wildlife animals are seized in recent past thus, some animal rescue centers are urgently required. Further, strengthening of protection activities is also needed.
13	Construction, upgradation and maintenance of inspection paths, forest roads in forest areas for protection duties.	In vulnerable forest divisions	80.00	5(2)(d)	Construction, upgradation and maintenance of inspection paths, forest roads in forest areas for protection duties are essential.
		Total :	1185.20		

Allied activities (not more than 20%)

Sn	Item of Works	Physical target	Fin. target (Rs. in lakh)	Relevant CAF Rule (s)	Remarks/Justification
1	Construction/repair of check posts, frontline staff quarters, etc. under various forest divisions	i) Checkpost – 10 nos at Rs 2.5 lakh ii) Const. of Staff Qtrs – 2 nos at Rs 25 lakh iii) Maintenance of qtrs, checkpost etc.	80.00	5(3)(d) & (e)	Most of the forest quarters, check posts, etc. are quite old and in deplorable condition thus, construction/renovation is required.
2	Purchase of vehicles	8 nos. purchase	96.00	5(3)(c)	The existing departmental vehicles are quite old and not fit for field visits in hilly terrain. Moreover, the hiring of vehicle in remote hilly areas is not economical therefore, purchase of 10 vehicles may kindly be considered for smooth performance of field works.
3	Engagement of local casual staff/labours to assist regular staff of State Forest Department in various works for protection of forests and wildlife including anti-poaching squad (including liabilities of APO 2022-23).	44 nos.	120.40	5(3)(f)	Due to acute shortage of regular forest staff, the functioning of nodal office as well as field offices has become quite challenging. Thus, casual engagement of local people in the nodal office as well as division offices to assist regular staff of forest department for smooth functioning and effective execution of works in protection of forest, wildlife and CAMPA activities is indispensable.
4	Independent and third-party monitoring & evaluation of various forestry works.	LS	15.00	5(3)(h)	Independent third party monitoring and evaluation is required to ensure implementation of approved works up to satisfactory level.
5	Capacity building, Publicity cum awareness and extension activities related to forest and wildlife conservation.	LS	40.00	5(3)(i)	For extension activities such as organizing awareness campaign, workshop and seminars, quiz, essay writing, painting competition for students, displaying banners, hoarding on bio-diversity conservation, environment protection, publication of books, pamphlets, reports on forest wildlife conservation

					and other related issues. Documentation of biological diversity. (Faunal & flora!)
6	Improvement/upgradation of existing forest nurseries with signboards, inspection paths, repair of fencing, weeding, etc.	All forest divisions	20.00	5(3)(a)	Nurseries are the backbone of plantation. Good nursery is an essential pre-requisite for successful plantation. So, experiment of existing nurseries is excited for carrying out successful CA plantations as well as other plantation. Works will include improvement of water supply, nursery beds, inspection paths, procurement of tools, weeding, repair of fencing, etc.
7	Purchase/maintenance of communication devises viz. cell phones, computers, etc. used for monitoring and protection of forests.	LS	10.00	5(3)(c)	Due to remote and difficult hilly terrain of Mizoram, the communication with forest field staff in various forest divisions and ranges is a challenging job. Thus, procurement of communication devises viz. cell phones, computers, etc. is proposed.
Total :		381.40			
Total of NPV :		1566.60			

3. The activities under interest component were proposed as follows :

ABSTRACT OF COST OF INTEREST

Permissible activities for not less than 60% of INTEREST

S.No.	Item of Works	Physical target	Financial target (in Rs)	Relevant CAF Rule (s)
1.	To offset the incremental cost of CA at the increased wage rate	23.69	1,62,040.00	6(a)(i)
2	Disbursement of wages/allowances to contractual staff engaged to assist State CAMPA	24	48,00,000.00	6(a)(iv)
Total		49,62,040.00		

Permissible activities for not more than 40% of INTEREST

S.No.	Item of Works	Physical target	Financial target (in Rs)	Relevant CAF Rule (s)
1	Management of office establishment	1	5,00,000.00	6(b)(i)
2	Office equipment viz, conveyance for monitoring teams, computers, etc.	LS	20,00,000.00	6(b)(ii) & (iii)
Total		25,00,000.00		
Total of Interest		74,62,040.00		

ABSTRACT OF CAMPA APO 2023-24

S.N o.	Head	Physical target	Financial target (in Rs crore)
1	CA	866.3004 ha	0.61
2	Net Present Value	LS	15.67
3	Interest	LS	0.75
	TOTAL		17.03

Representative from IRO, Shillong observed that the proposed amount for activities under 20% of NPV is on higher side. Thus, it was decided that some of the activities of 20% categories may be shifted to 80% of NPV for keeping the ratio of the activities under NPV as per the CAF Rules, 2018. Accordingly, necessary adjustments have been made wherever possible.

Further, it was observed that as per the latest 3rd Party monitoring report, the average survival rate of plantations is 7 out of 10; the committee urged the concerned department to take necessary action for improvement of the survival rate of the plantations.

The Committee after examination of activities, approved the draft APO for 2023-24 for Rs 16.43 crore and recommended for submission of the same to the National Authority, Ministry of Environment, Forests & Climate Change, Government of India.

The meeting ended with thanks to the chair and the participants.

ANNUAL PLAN OF OPERATION (APO) 2023-2024

FOR THE STATE OF MIZORAM

PART 1

Brief history & Past Performance

a) Brief description of Forest and Forestry Sector in the State.

Location: Mizoram is located in the North Eastern corner of India and shares its boundaries with Assam, Manipur and Tripura and has very long international borders with Bangladesh and Myanmar. The total geographic area of the State is 21,081 sq.km, and lies between 21°56' N to 24°31' N latitude and 92°16' E to 93°26' E longitude.

Forest Resources: Forests have been the most important natural resources to the people as 84.53 per cent of the geographical area of the State is under forest and tree cover (ISFR, 2021).

The Area of Forests under different class are given in the table below.

Class	Area in Sq.km	% of geographical area
Very Dense Forest (VDF)	156.79	0.74
Moderately Dense Forest (MDF)	5715.24	27.11
Open Forest (OF)	11947.97	56.68
Scrub	0.90	0.00
Total	17820.90	84.53

The forest types of Mizoram based on Champion and Seth Classification (1968) according to the Atlas Forest Types of India 2020 are given below.

Forest types	Area in sq.km	Percent
2B/C1/2S1 Pioneer Euphorbiaceous Scrub	74.10	0.41
2B/C2 Cachar Semi-Evergreen Forest	5580.26	30.99
2/2S1 Secondary Moist Bamboo Brakes	6600.03	36.65
3C/C3b East Himalayan Moist Mixed Deciduous Forest	5648.50	31.37
8B/C1 East Himalayan Subtropical Wet Hill Forest	7.94	0.04
9/C2 Assam Subtropical Pine Forest	92.75	0.52
Sub-total	18003.58	99.98
TOF/Plantation	2.83	0.02
Total (Forest Cover/Scrub)	18006.41	100.00

Forestry Sector: When Mizoram became Union Territory in 1972, the State Forest Department was also established headed by Director of Forests as head of Department. Initially, the whole of Mizoram was divided into only two territorial Forest Divisions namely Aizawl Forest Division and Lunglei Forest Division. The head of the Department (Director of Forests) was then re-named as Chief Conservator of Forests with the creation of new post of Chief Conservator of Forests in 1983.

In 1987, the Forest Department of Mizoram was re-named as *Environment & Forest Department* vide No. 13015/183-FST dt 8.4.1987 and the head of the Department was upgraded from Chief Conservator of Forest (CCF) to Principal Chief Conservator of Forests (PCCF) in 1988. With inclusion of the subject *Climate Change*, the name of the Department *Environment & Forests Department* was then re-named as *Environment, Forests & Climate Change Department* vide Notification No.A.46013/2006-GAD/Loose dt 19.4.2016.

b) Compensatory afforestation, other forestry& related schemes (Physical & Financial) including CATP during last 5 years from State Fund.

S.No	Scheme	Activities	Year	Achievement	
				Phy. (in ha.)	Fin. (in ha.)
1.	New Economic Development Project (NEDP)	Mixed Plantation	2018-19	500	76.95
TOTAL				500	76.95

(c) Forestry and other related schemes (Physical & Financial) and activities carried out in Mizoram in previous years from fund received under other scheme of Govt. of India.

Scheme (CSS)	Physical	Financial Central Only (Rs. in lakhs)				
		2017-18	2018-19	2019-20	2020-21	2021-22
NAP	Afforestation with local people (Through VFDC)	579.72	590.42	Nil	739.59	Nil
GIM	Afforestation with local people (Through Revamped VFDC)	2000.00	2236.42	1967.67	299.48	1670.00
IFMS	Forest fire prevention & other related activities	66.00	86.37	120.21	126.97	87.19
NPCA (Wetland Conservation)	Wetland conservation through afforestation, SMC Measures awareness campaign etc.	98.46	117.2	106.043	309.225	416.882
NBM	Raising of Bamboo plantation with community involvement (Through VFDC)	492.75	514.04	Nil	Nil	Nil
IDWH		477.75	251.2788	437.798	377.0086	198.968

d) Year-wise total Forest Area diverted in various District/ Forests Divisions in Mizoram since 1980.

Sl.No	Year	Area of forest diverted (Ha.)
1	1990-1991	3020
2	1994-1995	5477.24
3	1995-1996	0.92
4	1996-1997	0
5	1997-1998	159.6
6	1998-1999	0.62
7	1999-2000	89.123
8	2000-2001	0.63
9	2001-2002	59.42
10	2002-2003	1.114
11	2003-2004	0
12	2004-2005	0.18
13	2005-2006	0
14	2006-2007	0
15	2007-2008	0.4535
16	2008-2009	269.23585
17	2009-2010	0
18	2010-2011	0
19	2011-2012	270.883
20	2012-2013	407.721
21	2013-2014	75.4845
22	2014-2015	36.2824
23	2015-2016	0
24	2016-2017	1519.57
25	2017-2018	4.98
26	2018-2019	22.79
27	2019-2020	0.48
28	2020-2021	122.23
29	2021-2022	4.3629
30	2022-2023	84.5443

Total forest land diverted in Mizoram since 1980 : 11627.8645 Ha

e) Year-wise total compensatory afforestation carried out in Mizoram since 1980.

S.No	Year	Name of Project	Work Description	Area (in ha.)
1	1980-08	KDZKT Road, 132 Kv Line (Badharpur-Aizawl), Construction of IBB Fencing and Patrol Road (Demagiri-Bharapansuri)	Achieved	5638.24
2	2009-10	Serhui Hydro Electric Power	Advanced work	632
		Tuivai Hydro Electric Power	Advanced work	32.57
3	2010-11	Tuivawl Bridge	Advanced work	0.2817
		Champhai-Hnahlan-Khuangphah Road	Advanced work	110.195
		Regeneration & Protection	Advanced work	57

	IBB Fencing & Patrol roads inside DTR	1 st & 2 nd Year maint.	804
	Construction of Bridge over Kawrawnghui	4 th Year Maint.	0.2424
	MSRP-II, Gr-I (Tlabung – Kawrpuiichhuah road)	4 th Year Maint.	4.98
	Construction of railway BG line from Bairabi – Sairang	6 th Year Maint.	46.555
	MSRP-II, Gr - I (Chhumkhum – Chawngte road)	6 th Year Maint.	3.85
	Construction of BG railway line from Bairabi – Sairang	7 th Year Maint.	27.933

The total area of CA which have been taken up under Mizoram State CAMPA Authority at DFL & NFL are **11295.4321 Ha**

f) Brief description and abstract of the monitoring work done by the Monitoring and Evaluation Wing of the State Forest Department.

Since there is no separate Monitoring and Evaluation wing under Mizoram Forest Department, Senior Forest Officers such as CF and above conducted monitoring activities as and when required and necessary action/directions were given to the implementing Divisions based on performance.

g) Brief description and abstract of the monitoring work done by the independent monitor (Third Party Monitoring) in the State.

The State Forests Department has been undertaking various works viz. Compensatory Afforestation (CA) and Non-Compensatory Afforestation (Plantation works other than CA) works with funds provided under APOs of 2009-20 till 2019-20 of State CAMPA *in lieu* of forest land diverted in respect of various FCA Projects.

In compliance of the guidelines on State CAMPA and Ministry of Environment, Forests & Climate Change D.O letter No. 15-2(0)/2014-CAMPA dt. 18.9.2014, the State Environment & Forests Department engaged Third party / Independent Monitoring Agencies viz Association for Environmental Preservation (ASEP) and Save Environment Association (SENA) vide B.20018/23/2015-CAMPA/PCCF/6 dt. 30.03.2017. The Independent Monitoring Agency had conducted monitoring of works undertaken for the APO year 2016-17 in various territorial Forest Divisions in the State under CAMPA during the month of April and May, 2017.

Further, the State Forest Department had also engaged Independent Monitoring Agency viz CEP (Centre for Environment Protection) to carry out Monitoring and Evaluation of works under CAMPA APO (2016-17 & 2017-18) vide Memo No.

B.11021/9/2015-FST dt. 19.03.2019 for which the monitoring works has been completed and submitted to the Ministry. Association for Environmental Preservation (ASEP) carry out Monitoring and Evaluation of works under CAMPA APO (2018-19 to 2020-21) and the report had been submitted vide No.B.20018/23(A)/2021-CAMPA/PCCF/120 dt.26.7.2022.

In addition, the State Forests Department conducts Internal monitoring and evaluation of various CA and non-CA works undertaken in various territorial Forest Divisions from time to time.

(h) Any other important information for consideration relevant for preparing APO

The Principal Amount (Total amount accumulated in the State CAMPA account) is Rs.171.63 crore (Rs. One hundred seventy one crore sixty three lakh only) and the stipulated limit which can be released per year is 10% of the Principal amount.

Since the Principal amount for 2023-24 is Rs. 171.63 crore (approx) thus, the (10%) becomes Rs. 17.16 crore (approx). In APO there are mainly three components under which various activities are proposed i.e. CA, NPV and Interest component.

For APO 2023-24 under CA component, Rs. 0.61 crore is proposed for mandatory afforestation works viz CA. Under NPV component, Rs. 15.67 crore is proposed and under Interest component, Rs. 0.75 crore is proposed.

Thus, the total amount proposed for APO 2023-24 is Rs. 17.03 Crore.

PART II

Activities to be undertaken for CA

ABSTRACT OF COST OF CA UNDER APO (2022-23)

S.No	Plantation works		Amount (in Crore)
1	Compensatory Afforestation	CA proposed for APO 2023-24	0.61
Grand total :			0.61

1. COMPENSATORY AFFORESTATION :

Physical & Financial targets proposed for APO 2023-24

Sl.No	Name of FC Proposal	Division	Phy. Target (in ha)	Work Items	Fin. Target (in Rs.)
1	Construction of 132 Kv Transmission Line (Sakawrtuichhun - Sihhmui)	Aizawl	18.78	1st Year Maintenance	2,06,171
2	Widening & Upgradation of NH-54 to 2-lane (Package-3) km 250-380 within Lawngtlai District	LADC	4.81	1st Year Maintenance	52,805
3	Widening & Upgradation of NH-54 to 2-lane (Package-3) km 250-350 within Siaha District	MADC	6.37	1st Year Maintenance	69,931
4	Widening & Upgradation of NH-54 to 2-lane (Package- 1&2) km 8.00-250 within Aizawl & Lunglei District	Darlawn	12.09	2nd Year Maintenance	88,484
5	Construction of NH-150 (Zemabawk - E.Phaileng road)	Darlawn	23.69	2nd Year Maintenance	1,62,040
6	IBB Fencing inside Dampa Tiger Reserve	Darlawn	717	2nd Year Maintenance	52,47,580
7	Construction of bridge over Kawrawnglui	Lunglei	0.2424	5th Year Maintenance	1,380

Activities to be undertaken from Net Present Value and Interest Component

ABSTRACT OF COST OF NPV AND INTEREST

S.No	Items	Amount (Rs in crore)
1.	Net Present Value	15.666
	(A) Core Activities (not less than 80%)	11.852
	(B) Allied Activities (not more than 20%)	3.814
2.	Interest	0.75
	(A) Permissible activities for not less than 60%	0.50
	(B) Permissible activities for not more than 40%	0.25
	Total :	16.416

1 (A) (i) ABSTRACT OF COST OF NET PRESENT VALUE (NPV)

Core activities (not less than 80%)

S. No.	Item of Works	Physical target	Fin. target (Rs. in lakh)	Relevant CAF Rule(s)	Remarks/Justification
1	Promoting conservation of Community/ Village Forests maintained by local people and NGOs (Protection & enrichment planting)	100 hectare	80.00	5(2)(a)	There are about 700 villages in Mizoram and most of them have safety, supply and community reserve forests with YMA Parks. To ensure their protection and conservation some technical and financial support is required. It will promote conservation of these community/village forests.
2	Advance Work of Aided Natural Regeneration (ANR) in Aizawl, Champhai, Kolasib, Lunglei, N. Vanlaipha, Thenzawl, Tlabung, Aizawl WL, Khawzawl WL, Chhimtuipui WL, MADC, DTR	1800 ha @Rs 11,400 /ha	205.20	5(2)(a)	Enrichment of degraded forests. (As per FSI's ISFR 2021, the Mizoram has 56.68% of open forests out of 84.53% forest cover thus, enrichment of open forests is indispensable.
3	Maintenance of tall seedlings for Avenue Plantations in some forest divisions	200000 nos. @ Rs. 15/-	30.00	5(2)(b)	Since soil erosion and land slide in Mizoram is very common due to hilly terrain thus, Avenue Plantation on road sides will not only stabilize the soil but will also ameliorate aesthetic aspect.
4	Protection of plantations and forests	16 divisions	100.00	5(2)(d)	Due to acute shortage of field staff, the protection of forests & plantations is required with engagement of local people with transportation of seized forest products from interiors, etc.
5	Protection measures viz. engine boats, patrolling path, water supply to nurseries, etc.	8 divisions viz. Aizawl, Darlawn, Kawrthah, Kolasib, Champhai, Aizawl WL, DTR, Protection.	80.00	5(2)(d)	Many illegally transported exotic wildlife animals are seized in recent past thus, some animal rescue centers are urgently required. Further, strengthening of protection activities is also needed.
6	Construction, upgradation and maintenance of inspection paths, forest roads in forest areas for protection duties.	In vulnerable forest divisions	80.00	5(2)(d)	Construction, upgradation and maintenance of inspection paths, forest roads in forest areas for protection duties are essential.

7	Forest Fire Management: Forest fire prevention and control operations :- i) Maintenance of fireline ii) Engagement of fire watcher for 3 months @Rs 11,400 per month iii) Awareness & Control Operation	i) Maintenance of fireline – 468.02 km ii) Engagement of fire watcher -93 nos. ii) Awareness & Control - LS	150.00	5(2)(f)	Forest fire in remote hilly areas is quite common due to prevalent jhum burning thus, prevention measures viz. maintenance of fire-lines, engagement of fire watchers in peak session, construction of watch towers, etc. are required annually.
8	Forest fire prevention and control operations: procurement of forest firefighting equipment.	All territorial and wildlife divisions	50.00	5(2)(f)	Forest fire incidences are common in hilly areas thus, prevention and control with procurement of fire fighting equipment is necessary.
9	Soil & Moisture Conservation works viz. gully plugging, check dams, etc. in the forests	i) Checkdam – 139 nos @1 lakh /no ii) Gully plugging – 3 nos @2 lakh/no iii) Log Wood checkdam – 6 nos @0.50 lakh/no iv) Gabio checkdam – 2 nos @1 lakh/no	150.00	5(2)(g)	Mizoram being a hilly State with steep slopes thus, soil erosion and land slide is very common in hilly terrain with drought in some areas during dry season thus, S&M Conservation activities are felt necessary.
10	Improvement of wildlife habitats	i) Creation of Art. Grassland – 20 ha @0.5 lakh /ha ii) Water hole – 20 nos @0.5/ha iii) Gap filling planting – 50000 nos @50 per seedlings iv) Habitat improvement with S&M measures	85.00	5(2)(i)	To conserve the rich biodiversity in the State in line with prescriptions of approved WL Management Plan/Working Plan the WL habitats need to be improved.
11	Procurement of energy saving devices viz. solar lights for field offices, etc.	Field offices, check-posts, nurseries, etc.	50.00	5(2)(l)	For energy saving in field offices, nurseries, etc.
12	Creation of Seed Production Areas (SPAs) under different Forest Divisions	3 Potential territorial divisions	25.00	5(2)(m)	For raising quality planting material, creation of Seed Production Areas (SPA) is indispensable thus, it may be initiated in 5 forest divisions.
13	Lidar Based Project (SMC works, ANR etc)	Kawrthah & Mamit Division	100.00	5(2)(m)	Forest enrichment, watershed management activities to recharge ground water and other water resources
		Total :	1185.20		

NPV

1 (A) (ii) Proposal under NPV Fund : NPV (A) – Permissible activities under 80% of NPV

S.No	Item of works	Physical target	Rate (in Rs.)	Fin. Target (Rs. in lakh)	Justification
1	Promoting conservation of Community/ Village Forests maintained by local people and NGOs (YMA etc.)	100 hectare	20,000 / ha	80.00	There are about 700 villages in Mizoram and most of them have safety, supply and community reserve forests with YMA Parks. To ensure their protection and conservation some technical and financial support is required. It will promote conservation of these community/village forests.
2	Aided Natural Regeneration (ANR) in Chaiaphai, Darlawn, Kawrthah, Kolasib, Lunglei, Mamit, N. Vanlaipha, Thenzawl, Tlabung, Aizawl, Chhinnripui WL, MADC	1800 ha	Rs 11,400 /ha	205.20	Enrichment of degraded forests. (As per FSI's ISFR 2021, the Mizoram has 56.68% of open forests out of 84.53% forest cover thus, enrichment of open forests is indispensable.
3	Maintenance of tall seedlings for Avenue Plantations in some forest divisions	200000 nos.	Rs. 15/ Seedling	30.00	Since soil erosion and land slide in Mizoram is very common due to hilly terrain thus, Avenue Plantation on road sides will not only stabilize the soil but will also ameliorate aesthetic aspect.
4	Protection of plantations and forests	16 divisions	LS	100.00	Due to acute shortage of field staff, the protection of forests & plantations is required with engagement of local people with transportation of seized forest products from interiors, etc.
5	Protection measures viz. engine boats, patrolling path, water supply to nurseries, etc.	8 divisions viz. Aizawl, Darlawn, Kawrthah, Kolasib, Champai, Aizawl WL, DTR, Protection.	LS	80.00	Many illegally transported exotic wildlife animals are seized in recent past thus, some animal rescue centers are urgently required. Further, strengthening of protection activities is also needed.
6	Construction, up-gradation and maintenance of inspection paths, forest roads in forest areas for protection duties.	In vulnerable forest divisions	LS	80.00	Construction, upgradation and maintenance of inspection paths, forest roads in forest areas for protection duties are essential.
7	Forest Fire Management: Forest fire prevention and control operations	i) Maintenance of fireline – 468.02 km ii) Engagement of fire watcher -93 nos. iii) Awareness & Control	i) Rs 8600 per km ii) Rs 11,400 pm iii) LS	150.00	Forest fire in remote hilly areas is quite common due to prevalent jhum burning thus, prevention measures viz. maintenance of fire-lines, engagement of fire watchers in peak session, construction of watch towers, etc. are required annually.

8	Forest fire prevention and control operations: procurement of forest firefighting equipment.	All territorial and wildlife divisions	LS	50.00	Forest fire incidences are common in hilly areas thus, prevention and control with procurement of fire fighting equipment is necessary.
9	Soil & Moisture Conservation works viz. gully plugging, check dams, etc. in the forests	i) Checkdam – 139 nos ii) Gully plugging – 3 nos iii) Log Wood checkdam – 6 nos iv) Gabion checkdam – 2 nos	i) Rs 1 lakh /no ii) Rs 2 lakh/no iii) Rs 0.50 lakh/no iv)Rs 1 lakh/no	150.00	Mizoram being a hilly State with steep slopes thus, soil erosion and land slide is very common in hilly terrain with drought in some areas during dry season thus, S&M Conservation activities are felt necessary.
10	Improvement of wildlife habitats provided in the approved WL Management Plan or Working Plan	i) Creation of Artificial Grassland ii) Water hole – 20 no iii) Gap filling planting – 50000 nos iv) Habitat improvement with SMC measures	i) Rs 0.5 lakh /ha ii) Rs 0.5 lakh/ha iii) Rs 50 per seedlings	85.00	To conserve the rich biodiversity in the State in line with prescriptions of approved WL Management Plan/Working Plan the WL habitats need to be improved.
11	Procurement of energy saving devices viz. solar lights for field offices, etc.	Field offices, check-posts, nurseries, etc.	LS	50.00	For energy saving in field offices, nurseries, etc.
12	Creation of Seed Production Areas (SPAs) under different Forest Divisions	3 Potential territorial divisions	LS	25.00	For raising quality planting material, creation of Seed Production Areas (SPA) is indispensable thus, it may be initiated in 5 forest divisions.
13	Lidar Based Project	2 forest divisions	LS	100.00	Forest enrichment, watershed management activities to recharge ground water and other water resources
			Total :	1185.20	

1.(B) (i) ABSTRACT OF COST OF NET PRESENT VALUE (NPV)

Allied activities (not more than 20%)

Sn	Item of Works	Physical target	Fin. target (Rs. in lakh)	Relevant CAF Rule (s)
1	Improvement/upgradation of existing forest nurseries with signboards, inspection paths, repair of fencing, weeding, etc.	All forest divisions	20.00	5(3)(a)
2	Purchase/maintenance of communication devises viz. cell phones, computers, etc. used for monitoring and protection of forests.	LS	10.00	5(3)(c)
3	Purchase of vehicles	8 nos. purchase	96.00	5(3)(c)
4	Construction/repair of check posts, frontline staff quarters, etc. under various forest divisions	i) Checkpost – 10 nos at Rs 2.5 lakh ii) Const. of Staff Qtrs – 2 nos at Rs 25 lakh iii) Maintenance of qtrs, checkpost etc.	80.00	5(3)(d) & (e)
5	Engagement of local casual staff/labours to assist regular staff of State Forest Department in various works for protection of forests and wildlife including anti-poaching squad <i>(including liabilities of APO 2022-23).</i>	44 nos.	120.40	5(3)(f)
6	Independent and third-party monitoring & evaluation of various forestry works.	LS	15.00	5(3)(h)
7	Capacity building, Publicity cum awareness and extension activities related to forest and wildlife conservation.	LS	40.00	5(3)(i)
		Total :	381.40	
		Total of NPV :	1566.60	

1 (B) (ii) Revised Proposal under NPV Fund : NPV (B) – Permissible activities under 20% of NPV

S. No	Item of works	Physical target	Rate (in Rs.)	Financial Target (Rs. in lakh)	Justification
1	Improvement/upgradation of existing forest nurseries with signboards, inspection paths, repair of fencing, weeding, etc.	All forest divisions	LS	20.00	Nurseries are the backbone of plantation. Good nursery is an essential pre-requisite for successful plantation. So, experiment of existing nurseries is excited for carrying out successful CA plantations as well as other plantation. Works will include improvement of water supply, nursery beds, inspection paths, procurement of tools, weeding, repair of fencing, etc.
2	Purchase/maintenance of communication devises viz. cell phones, computers, etc. used for monitoring and protection of forests.	LS	LS	10.00	Due to remote and difficult hilly terrain of Mizoram, the communication with forest field staff in various forest divisions and ranges is a challenging job. Thus, procurement of communication devises viz. cell phones, computers, etc. is proposed.
3	Purchase of vehicles	8 nos. purchase	@ Rs. 12 lakh/no.	96.00	The existing departmental vehicles are quite old and not fit for field visits in hilly terrain. Moreover, the hiring of vehicle in remote hilly areas is not economical therefore, purchase of 10 vehicles may kindly be considered for smooth performance of field works.
4	Construction/repair of check posts, under various forest divisions	i) Checkpost – 10 nos ii) Const. of Staff Qtrs – 2nos iii) Maint. of qtrs., check post etc.	i) Rs 2.5 lakh/no ii) Rs 25 lakh/no iii) LS	80.00	Most of the forest quarters, check posts , etc, are quite old and in deplorable condition thus, construction/renovation is required.
5	Engagement of local casual staff/labours to assist regular staff of State Forest Department in various works for protection of forests and wildlife including anti-poaching squad (including liabilities of APO 2022-23)	44	11400/-	120.40	Due to acute shortage of regular forest staff, the functioning of nodal office as well as field offices has become quite challenging. Thus, casual engagement of local people in the nodal office as well as division offices to assist regular staff of forest department for smooth functioning and effective execution of works in protection of forest, wildlife and CAMPA activities is indispensable.

6	Independent and third-party monitoring & evaluation of various forestry works.	LS	As per bid amount	15.00	Independent third party monitoring and evaluation is required to ensure implementation of approved works up to satisfactory level.
7	Capacity building, Publicity cum awareness and extension activities related to forest and wildlife conservation	LS	LS	40.00	For extension activities such as organizing awareness campaign, workshop and seminars, quiz, essay writing, painting competition for students, displaying banners, hoarding on bio-diversity conservation, environment protection, publication of books, pamphlets, reports on forest/wildlife conservation and other related issues. Documentation of biological diversity. (Faunal & floral)
			Total :	381.40	

2. ABSTRACT OF COST OF INTEREST

(A) - Permissible activities for not less than 60% of INTEREST

S.No.	Item of Works	Physical target	Financial target (in Rs)	Relevant CAF Rule(s)
1.	To offset the incremental cost of CA at the increased wage rate	23.69	1,62,040.00	6(a)(i)
2	Disbursement of wages/allowances to contractual staff engaged to assist State CAMPA	24	48,00,000.00	6(a)(iv)
		TOTAL	49,62,040.00	

(B) - Permissible activities for not more than 40% of INTEREST

S.No.	Item of Works	Physical target	Financial target (in Rs)	Relevant CAF Rule(s)
1	Management of office establishment	1	5,00,000.00	6(b)(i)
2	Office equipment viz. conveyance for monitoring teams, computers, etc.	LS	20,00,000.00	6(b)(ii) & (iii)
		TOTAL	25,00,000.00	

Total (Interest component) : 74,62,040.00

INTEREST

2. A. Permissible activities for not less than 60%

S.No	Item of works	Physical target	Rate (in Rs.)	Financial Target(in Rs.)	Justification
1.	To offset the incremental cost of CA at the increased wage rate	23.69	-	1,62,040.00	As permissible in the CAF Rules, 2018; the incremental cost for Compensatory Afforestation is proposed.
2	Disbursement of wages/allowances to contractual staff engaged to assist State CAMPA	24	Skilled I @ Rs.19600/pm Skilled II @ Rs.15,600/pm Unskilled @ Rs.11,400/pm	48,00,000.00	Due to acute shortage of regular staff (Technical & Ministerial) in the FF&CC department, local contractual/casual staff have been engaged for smooth functioning of State CAMPA Authority in accordance with provision under Rule 6(a)(iv).
			TOTAL	49,62,040.00	

INTEREST

2. B. Permissible activities for not more than 40%

S.No	Item of works	Physical target	Rate (in Rs.)	Financial Target (in Rs.)	Justification
1	Management of office establishment	1	LS	5,00,000.00	For various office expenses viz. expenditure on telephone, electricity, POL, stationaries, POL, etc.
2	Office equipment viz., conveyance for monitoring teams, computers, etc.	LS	LS	20,00,000.00	For maintenance of computers, Xerox machine, printers, conveyance for monitoring teams, etc.
			TOTAL	25,00,000.00	

Total (under interest) : 74,62,040.00 (Rupees seventy four lakh sixty two thousand and forty only)

**GOVERNMENT OF MIZORAM
LABOUR, EMPLOYMENT, SKILL DEV. & ENTREPRENEURSHIP DEPTT.
MIZORAM SECRETARIAT, AIZAWL -796001**

NOTIFICATION

Dated Aizawl, the 18th February, 2019.

No.B.14015/4/2010-LESDE/268: In exercise of the powers conferred under Section 3 read with Section 13 of the Minimum Wages Act, (1948 No. XI of 1948), the Governor of Mizoram is pleased to revise the minimum rates of wages for the workers employed in the Scheduled Employment of "Casual/Muster Roll Employees" under the Government Departments, Semi-Government Organisation, Public Undertakings and on Contract Basis with effect from 1st October, 2018.

SCHEDULED EMPLOYMENT	CATEGORY OF WORKERS	MINIMUM RATES OF WAGES PER DAY
CASUAL / MUSTER ROLL EMPLOYEES	UNSKILLED	Rs. 380/-
	SEMI-SKILLED	Rs. 420/-
	SKILLED-II	Rs. 520/-
	SKILLED-I	Rs. 640/-

The Minimum rates of wages already notified under other Scheduled Employments shall remain the same until further order.

This issues with the approval of the Council of Ministers in its meeting held on 12.02.2019 (No.J.11011/1/2019, dt. 14.02.2019) and the concurrence of Finance Department vide I.D. No.FIN (PRU) 104/2018, dt 15.01.2019.

EXPLANATION FOR THE PURPOSE OF THIS NOTIFICATION

1. **UN-SKILLED WORK:** means work which involves simple operation, little or no skill or experience in the job.
2. **SEMI-SKILLED:** means work which involves some degree of skill or competence acquired through experience on the job which is capable of being performed under the supervision and guidance of skilled employees and includes unskilled supervisory work.
3. **SKILLED-II (JUNIOR GRADE):** means work which involves skills or competence acquired through experience on jobs or through training as apprentice in a technical or vocational institute and the performance of which calls for initiative and judgment.
4. **SKILLED - I (SENIOR GRADE):** Means experience in the work requiring great skills.

5. **WORKING PERIOD:** The number of working hours per day will normally be 8 hours approximately for technical works and the number of working hours like clerical, peons etc per day will be as prescribed by the employers. Workers who are engaged in offices will follow the office hours of the Office/Department where they are employed.

6. **PAID HOLIDAYS:** Workers other than clerical, peon etc working in the office will enjoy the following paid holidays in addition to the Sunday benefit as enjoyed by the workers provided they work continuously for 6(six) days a week:-

a) New Year	:	1 st January
b) Missionary Day	:	11 th January
c) Republic Day	:	26 th January
d) Chapchar kut	:	on the day it falls
e) Good Friday	:	on the day it falls
f) May day	:	1 st May
g) VMA Day	:	15 th June
h) Remna ni	:	30 th June
i) Independence Day	:	15 th August
j) Mahatma Gandhi Birthday	:	2 nd October
k) Christmas Day	:	25 th December

7. Women and disabled workers will enjoy the same rates payable to the male and abled workers.

8. Where the existing rates of wages of any employee based on contract or agreement or otherwise are higher than the rate notified herein, the higher shall be treated as the minimum rate of wages applicable for the purpose of this notification to such employee.

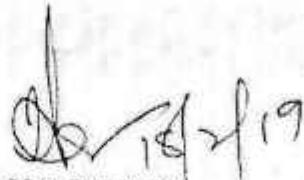

9. This shall be applicable to all Governments Departments, Semi-Government Organisations and all Public Undertakings within the State of Mizoram.

**REPORT ON MONITORING AND EVALUATION OF CAMPA WORKS
IMPLEMENTED BY THE DEPARTMENT OF EF&CC,
GOVERNMENT OF MIZORAM
UNDER CAMPA APO (2018-2019, 2019-2020 & 2020-2021)**

I. INTRODUCTION:

With a cover of 23% of Geographical area of the country, forest in India comprise of a number of diverse forest types and reserved areas designated as National Parks and Wildlife Sanctuaries. In India, forest meet the livelihood needs of people living in and adjoining the forests in about 1, 73,000 villages. Forests also act as carbon sinks and regulators of water regime.

Many development and industrial projects such as erection of dams, mining, and construction of industries or roads require diversion of forest land. Any project proponent, government or private must apply for forest clearance from Ministry of Environment, Forests & Climate Change (MoEFCC), before the conversion of land take place. This proposal is to be submitted through the concerned forest department of the state government. If clearance is given, then compensation for the lost forest land is also to be decided by the ministry and the regulators.

Due to certain discrepancies in the implementation of compensatory afforestation, some NGOs had approached The Hon'ble Supreme Court for relief. The Hon'ble Supreme Court on 10th July 2009 issued orders that there will be a Compensatory Afforestation Fund Management and Planning Authority (CAMPA) as National Advisory Council under the chairmanship of the Union Minister of Environment, Forests & Climate Change for monitoring, technical assistance and evaluation of compensatory afforestation activities.

II. OBJECTIVES OF CAMPA:

Compensatory Afforestation Fund Management and Planning Authority (CAMPA) are meant to promote afforestation and regeneration activities as a way of compensating for forest land diverted to non-forest uses. National CAMPA Advisory Council has been established as per orders of The Hon'ble Supreme Court with the following mandate:

- (1) Lay down broad guidelines for State CAMPA.
- (2) Facilitate scientific, technological and other assistance that may be required by State CAMPA.
- (3) Make recommendations to State CAMPA based on a review of their plans and programmes.
- (4) Provide a mechanism to State CAMPA to resolve issues of an inter-state or Centre-State character.

III. STATE CAMPA MONITORING:

The Environment, Forests & Climate Change Department, Government of Mizoram has appointed the Association for Environmental Preservation (ASEP) to undertake monitoring and evaluation of various works implemented by the Department under CAMPA APO for the year 2018-2019, 2019-2020 and 2020-2021. The Monitoring and Evaluation has to be executed as per MoU/ToR covering 10 Territorial Forest Divisions, 3 Wildlife Divisions and 3 Autonomous District Councils covering all plantations with 10% random sapling for evaluation. Thus, the M&E has encompassed some nurseries and plantations such as Compensatory Afforestation (CA), Catchment Area Treatment Plan (CATP), Net Present Value (NPV) ANR plantation and so on.

IV. OBJECTIVES OF MONITORING AND EVALUATION:

- (i) To make the physical assessment of works done, to judge the quality and standard attained.
- (ii) To study the limitations and deficiencies in the implementation with a view to suggesting modifications in techniques and financial provisions.
- (iii) The ultimate objective is to ensure maximum efficiency in the implementation and safeguard against infructuous expenditure and take timely and remedial measures wherever necessary.

V. LISTS OF PROJECTS/WORKS MONITORED:

(1) Darlawn Forest Division

Sl.No	Name of Project	Work Description	Area	Year
1	Tulval Hydel Project	5 th Year maintenance	32.57 ha	2018-19

VI. FIELD OBSERVATIONS:

All records such as Plantation journals, Treatment map, Plantation register, Cash book, etc. have been examined during the course of monitoring and evaluation. Discussions and interactions have been held with the Territorial DFOs and staffs, leaders of partner organizations and Village councils. The detail reports of field observation are the following (in division wise):

AIZAWL FOREST DIVISION

1. COMPENSATORY AFFORESTATION (CA) PLANTATIONS:

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
Champhai – Hnahlan – Khuangphah road (110.195 ha)							
1.	Maipawl ram Maite Saitual Range	110.195 ha. 2013-14	<i>Michelia champaca</i> , <i>Bischofia javanica</i> , <i>Gomari</i> , etc.	-	-	23°29'30.31"N 92°58'45.37"E	It was saddening to make a negative comments when the plantation had a bad impression on encroachment issue. The plantation can not continue due to this reason after the year 2017.
20 MW HFO Thermal Power Plant (3.57 ha.)							
1.	Durtlang Durtlang Aizawl (Sadar) Range	3.57 ha. 2013-14	<i>Michelia champaca</i> , <i>Tectona grandis</i> , etc.	70%	5m	23°47'447"N 92°43'137"E	Last maintenance in 2018-19. Plantation In-charge continue to display new signboard during the time of visit.

Petrol Pump at Sairang (0.36 ha.)							
1.	Mel 11 Iuikam Sairang Sairang Range	0.36 ha. 2013-14	<i>Michelia champaca, Tectona grandis, etc.</i>	(-) 50%	3m	23°47'51.16"N 92°40'3.27"E	This plantation had a serious issue regarding encroachment of land with nearby one villager. It resulted in the low survival percentage and it could results the total failure of the plantation.
CATP - Tuirial HEP (400 ha.)							
1.	Beraw lui kam Zemabawk Aizawl (Sadar) Range	90 ha. 2014-15	<i>Michelia champaca, Toona ciliata, Bischofia javanica, etc.</i>	82%	3m	23°44'03.08"N 92°46'07.89"E	The overall activities of the staffs right from advance works to last maintenance is found satisfactory and appreciated their performances. Plantation signboard is erected and journal is maintained properly.
2.	Sakawrhmuital Sihphir Aizawl (Sadar) Range	60 ha. 2014-15	<i>Michelia champaca, Terminalia mynacarpa, Toona ciliata, etc.</i>	81%	3.5m	23°51'41.84"N 92°44'26.57"E	Plantation signboard is erected and maintained plantation journal properly. Plantation is well maintained.
3.	Phulraw pang Maubuang Aib awk Range	100 ha. 2014-15	<i>Michelia champaca, Toona ciliata, Bischofia javanica, etc.</i>	80%	2.5m	23°30'56"N 92°42'96"E	This plantation is far from the main road about 2 kms. The site is good natural vegetation, protection is most important. Signboard is damaged. Journal is properly maintained.
4.	Tungur ram Sesawng Seling Range	150 ha. 2014-15	<i>Michelia champaca, Toona ciliata, Bischofia javanica, etc.</i>	80%	3m	23°48'11"N 92°48'48"E	The plantation site is too far from the main road and so, this is the main problem to maintain the plantation area. Journal is maintained properly.

CATP - Tuirial HEP (150 ha.)							
1.	Phulraw pang Maubuang Aibawk Range	150 ha. 2017-18	<i>Michelia champaca, Duabanga, Bischofia javanica, Emblica officinalis, etc.</i>	80%	3m	23°30'01"N 92°42'57"E	This plantation is far from the main road about 2 kms. The site is good natural vegetation, protection is most important. Signboard is erected and Journal is properly maintained.
CATP - Tuirial HEP (200 ha.)							
1.	Bemual Sateek Aibawk Range	50 ha. 2019-20	<i>Michelia champaca, Toona ciliata, Bischofia javanica, etc.</i>	85%	1m	23°32'54.11"N 92°42'37.52"E	The area was covered with very old dense evergreen. Any available trees species was planted on the blank areas. The overall condition of the vegetations within this plot is quite satisfactory. Signboard is erected and maintained journal properly.
2.	Fartlang Hlimen Aizawl (Sadar) Range	100 ha. 2019-20	<i>Toona ciliata, Bischofia javanica, Emblica officinalis, Ligustrum robustum, etc.</i>	90%	1m	23°39'54"N 92°43'14"E	The area was mixed vegetation of trees, tall grass and bamboos. Planting was done after clearing tall grass. Signboard is erected and maintained journal properly. Prevention from fire is the most important for the success of the plantation.
3.	Blak in tlang hnual Hmawngkawn Seling Range	50 ha. 2019-20	<i>Michelia champaca, Terminalia myriocarpa, Bischofia javanica, Ligustrum robustum, etc.</i>	82%	1m	23°29'59.95"N 92°49'17.15"E	The area was covered with dense forest. Any available trees species was planted on the blank areas. Signboard is erected and maintained journal properly.

2. NET PRESENT VALUE (NPV) ANR PLANTATIONS (60 ha.):

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
1.	Chuhvel ram Tachhip Aibawk Range	15 ha. 2020-21	<i>Ligustrum robustum,</i> <i>Lagerstroemia speciosa,</i> etc.	80%	2 ft	23°33'58.46"N 93°41'58.68"E	The whole area is covered by bamboos and a few trees. Seedlings was planted in the gap. Prevention of fire is needed for the success of the plantation. Signboard is erected and maintained journal properly.
2.	Ruanzawl ramhnai Hmawngkawn Seling Range	15 ha. 2020-21	<i>Michelia champaca,</i> <i>Terminalia myriocarpa,</i> <i>Bischofia javanica,</i> <i>Ligustrum robustum,</i> etc.	81%	2 ft	23°29'32.68"N 93°49'25.60"E	Plantation site is good natural vegetation. Coordination with the Village community is excellent. Signboard is erected and maintained journal properly.
3.	Mualkhang ram Mualkhang Sairang Range	15 ha. 2020-21	<i>Michelia champaca,</i> <i>Bischofia javanica,</i> <i>Messua ferrea,</i> <i>Artocarpus chama,</i> <i>Syzygium cumini,</i> etc.	80%	1.5 ft	23°52'48"N 92°40'45"E	The large part of the area is covered by tall grass. Proper maintenance is needed for the success of the plantation. Signboard is erected and maintained journal properly.
4.	Tuilak hnar Dilkhan Saitual Range	15 ha. 2020-21	<i>Michelia champaca,</i> <i>Bischofia javanica,</i> <i>Ligustrum robustum,</i> etc.	82%	1.5 ft	23°46'43.47"N 93°57'10.47"E	Plantation site is good natural vegetation. Conservation of the natural vegetation was the most important. Seedlings was planted in the gap. Signboard is erected and maintained journal properly.

3. NET PRESENT VALUE (NPV) NURSERY:

Sl. No.	Location & Range	Total stocks	Species raised	Comments/Remarks
1.	Tuirial Central Nursery	3000	<i>Bischofia javanica, Michelia champaca, Duabanga grandiflora, Toona ciliata, Parkia timorensis,</i>	Nursery under Aizawl Division is well maintained. Nursery have good water tank, water distribution point and nursery hut. Nursery is covered with shade nets. Nursery beds are made with cemented beds with brick-wall side support and polypots are used so as to increase and improve the quality, germination and health of the seedlings. Ample care is taken to improve the quality and health of the seedlings.
	Aizawl Sadar Range		<i>Artocarpus heterophyllus, Mangifera indica, etc.</i>	

KOLASIB FOREST DIVISION

1. COMPENSATORY AFFORESTATION (CA) PLANTATIONS:

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
CA - Serlui 'B' Hydel Project (632 ha)							
1.	Thohuang ram Bukpui Bukpui Range	210 ha. 2013-14	<i>Michelia champaca;</i> <i>Tectona grandis</i> , etc.	70-80%	10 mts.	24°09'27"N 92°44'52.2"E	Last maintenance in 2018-19. Successful plantation.
2.	Mausin ram Saipum Saipum Range	212 ha. 2013-14	<i>Michelia champaca,</i> <i>Artocarpus chapisia</i>	70-80%	10 mts.	24°11'4.72"N 92°44'39.7"E	Last maintenance in 2018-19. Successful plantation.
3.	Thohuang ram N. Hlimen N. Hlimen Range	210 ha. 2013-14	<i>Michelia champaca;</i> <i>Tectona grandis</i> , etc.	70-80%	10 mts.	24°09'27"N 92°44'52.02"E	Last maintenance in 2018-19. Successful plantation.
CA - 400 KV Transmission Line - Silchar to Sakawrtuichhun (768.062 ha)							
1.	Phulrawlian kawn Bukpui Bukpui Range	200 ha. 2014-15	<i>Michelia champaca,</i> <i>Bischofia javanica</i> , etc.	75-80%	6 m	24°6'12.094"N 92°46'22.279"E	Signboard erected and maintained plantation journal properly. Overall condition is found satisfactory.
2.	Chemlui kam Kolasib Kolasib Range	190 ha. 2014-15	<i>Michelia champaca,</i> <i>Bischofia javanica</i> , etc.	75-80%	4-5 m	24°13'37.4"N 92°43'26.5"E	Plantation is properly maintained. Prevention of fire is necessary for the betterment and success of the plantation.
3.	Arhuanglo ram Kawnpul Kawnpul Range	180.062 ha. 2014-15	<i>Michelia champaca,</i> <i>Parkia timorensis</i> , etc.	75-80%	4-5 m	24°57'41.6"N 92°37'47.6"E	Signboard is erected and maintained journal properly. Prevention of fire is necessary for the success of the plantation.
4.	Tiangpuilian Phaisen Buhchang Range	198 ha 2014-15	<i>Tectona grandis</i> , <i>Michelia champaca</i> , <i>Gomati</i> , etc.	75-80%	5m	24°24'59.3"N 92°40'46.8"E	Signboard is erected and maintained journal properly. The area is previously covered by thatches, brooms, trees and bamboos. It will become a successful plantation.

CA - 400 KV Transmission Line - Dwarf Plantation [8.5 ha.]							
1.	Eldorado chhuah Iam Vairengte Vairengte Range	2 ha. 2014-15	<i>Oroxylum indicum,</i> <i>Emblema officinalis</i>	(-) 50%	2m	24°23'43"N 92°43'30"E	Signboard damaged. Protection is much necessary due to encroachment.
2.	N. Chhimluang Kharzawl Bilkhawthlir Range	2 ha. 2014-15	<i>Michelia champaca</i>	(-) 50%	3m	24°23'26"N 92°43'16"E	Since the area is private land, the owner also planted areca palm in this area. Signboard is not erected, plantation journal is properly maintained.
3.	Chhungawnga camp luikam Kolasib Kolasib Range	2 ha. 2014-15	<i>Bischofia javanica, etc.</i>	60-70%	2m	24°17'15.9"N 92°42'03.5"E	Proper maintain is much necessary for this plantation.
4.	Thingdawl luikam Kawnpui Kawnpui Range	2.5 ha. 2014-15	<i>Costus speciosus,</i> <i>Oroxylum indicum</i>	75-80%	1.5m	24°49'06.3"N 92°40'42.5"E	The survival of <i>Costus speciosus</i> is good but <i>Oroxylum indicum</i> is very low. Signboard is erected and maintained journal properly.
CA - 400 KV Transmission Line (Dwarf Plantation) 21.5 ha.							
1.	Chhungawnga camp luikam Kolasib Kolasib Range	6 ha. 2015-16	<i>Bischofia javanica,</i> <i>Oroxylum indicum, etc.</i>	75-80%	1.5m	24°17'15.9"N 92°42'03.5"E	Proper maintain is much necessary for this plantation.
2.	Thingdawl luikam Kawnpui Kawnpui Range	7.5 ha. 2015-16	<i>Costus speciosus,</i> <i>Oroxylum indicum</i>	70 - 80%	1.5m	24°49'14.3"N 92°40'59.8"E	The survival of <i>Costus speciosus</i> is good but is <i>Oroxylum indicum</i> very low. Signboard is erected and maintained journal properly.
3.	N. Chhimluang Kharzawl Bilkhawthlir Range	4 ha. 2015-16	<i>Michelia champaca</i>	(-) 50%	3m	24°23'30"N 92°43'26"E	Since the area is private land, the owner also planted areca palm in this area. Signboard is not erected, plantation journal is properly maintained.
4.	N. Chhimluang dai Vairengte Vairengte Range	4 ha. 2015-16	<i>Oroxylum indicum,</i> <i>Emblema officinalis</i>	(-) 50%	2m	24°23'47"E 92°43'10"E	Signboard damaged. Protection is much necessary due to encroachment.

CATP - Tuirial HEP (350 ha.)							
1.	Rohai ram Bukpui Bukpui Range	116 ha. 2014-15	<i>Michelia champaca</i> , <i>Tectona grandis</i> , etc.	75 - 80%	3.5m	24°5'22.287"N 92°50'6.73"E	Plantation is properly maintained. Prevention of fire during the fire season is necessary for the betterment and success of the plantation. Signboard is not erected.
2.	Theichangbung tlang N. Hlimen N. Hlimen Range	116 ha. 2014-15	<i>Tectona grandis</i> , <i>Gomari</i> , etc.	75 - 80%	4m	24°16'55.9"N 92°50'53.6"E	Plantation is properly maintained. Signboard is erected and maintained journal properly.
3.	Suarhillap ram Saipum Saipum Range	118 ha. 2014-15	<i>Michelia champaca</i> , <i>Toona ciliata</i> , etc.	70 - 80%	3.5m	24°18'45"N 92°49'50"E	Not erected signboard. Proper maintenance is needed.
CATP - Tuirial HEP (300 ha.)							
1.	Uikaih lui Bukpui Bukpui Range	130 ha. 2016-17	<i>Michelia champaca</i> , <i>Bischofia javanica</i>	75 - 80%	3.5m	24°05'19.0"N 92°50'09.0"E	Plantation is properly maintained. Prevention of fire during the fire season is necessary for the betterment and success of the plantation. Signboard is erected and maintained journal properly.
2.	Theichangbung tlang N. Hlimen N. Hlimen Range	85 ha. 2016-17	<i>Tectona grandis</i> , <i>Gomari</i> , etc.	75 - 80%	4m	24°16'47.64"N 92°50'52.29"E	Plantation is properly maintained. Signboard is erected and maintained journal properly.
3.	Suarhillap ram Saipum Saipum Range	85 ha. 2016-17	<i>Michelia champaca</i> , <i>Toona ciliata</i> , etc.	70 - 80%	2.5m	24°18'3.00"N 92°49'45.01"E	Not erected signboard. Proper maintenance is needed.
CATP - Tuirial HEP (300 ha.)							
1.	Sakhisih ram Bukpui Bukpui Range	100 ha. 2019-20	<i>Toona ciliata</i> , <i>Bischofia javanica</i>	78 -85%	1m	24°5'45.00"N 92°50'30.00"E	Protection of the natural vegetation is important. Signboard is erected and maintained journal properly.

2.	Thechangbung tlang N. Hlimen N. Hlimen Range	100 ha. 2019-20	<i>Michelia champaca, Bischofia javanica, etc.</i>	82%	1m	24°17'54.63"N 92°51'4.284"E	Good natural vegetation. Signboard is erected and maintained journal properly.
3.	Uvai zau Saipum Saipum Range	100 ha. 2019-20	<i>Michelia champaca, Bischofia javanica, etc.</i>	77 -84%	1m	24°24'43.68"N 92°51'32.60"E	Plantation is properly maintained. The overall condition is found satisfactory. The plantation site is too far fram the Range headquarters, It is difficult to visit.

DARLAWN FOREST DIVISION

1. COMPENSATORY AFFORESTATION (CA) PLANTATIONS:

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-coordinates	Comments/ Remarks
Tuivai Hydel Project (32.57 ha.)							
1.	Tuiriza/Chitharam Suangpulawn Suangpulawn Range	32.57 ha. 2014-15	<i>Gomari</i> , <i>Bischofia javanica</i> , etc.	80%	5m	23°54'49.84"N 93°0'58.998"E	Plantation ended in 2019-20. ANR method of plantation is practised. This plantation had a bad issue regarding encroachment of land with nearby the village Zawngin.
BG Railway line between Bairabi to Sairang (27.933 ha.)							
1.	Lenhmui zawl N. Serzawl Darlawn Range	27.933 ha. 2014-15	<i>Tectona grandis</i>	81%	6m	23°58'17.4"N 92°51'28.5"E	The area was previously covered by grasses, thatching, bamboos, small shrubs, etc. Plantation journal is properly maintained.
BG Railway line between Bairabi to Sairang (46.555 ha.)							
1.	Lenhmui zawl N. Serzawl Darlawn Range	46.555 ha. 2015-16	<i>Tectona grandis</i>	80%	5m	23°58'17.4"N 92°51'28.5"E	The area was previously covered by grasses, thatching, bamboos, small shrubs, etc. Plantation journal is properly maintained.

Sl. No.	Location & Range	Total stocks	Species raised	Comments/Remarks
1.	Artah Tlabung Range	3733	<i>Michelia champaca, Prunus cerasoides, Parkia timorensis, Bischofia javanica, Barragea ramiflora, Karipata, Artocarpus chaplasha,</i>	All these Nurseries under Tlabung Division are well maintained. All nurseries have good water tank, water distribution point and nursery hut. Nurseries are covered with shade nets.
2.	Laldawla luikam, Tuichawng Lungsen Range	3500	<i>Terminalia myriocarpa, Mangifera indica, Syzygium cumini, Emblica officinalis, etc.</i>	Nursery beds are made with cemented beds with brick wall side support and polypots are used so as to increase and improve the quality, germination and health of the seedlings.
3.	Range Complex Chawnge 'L' Range	3400		Ample care is taken to improve the quality and health of the seedlings.

NORTH VANLAIPHAI FOREST DIVISION

1. NET PRESENT VALUE (NPV) ANR PLANTATIONS (45 ha.):

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-coordinates	Comments/ Remarks
1.	Ramrikawn N. Vanlaiphai	20 ha. 2020-21	<i>Michelia champaca</i> , <i>Prunus cerasoides</i> , <i>Bischofia javanica</i> , <i>Bauhinia variegata</i>	80%	1.5 ft	23°63'7.76"N 93°43'0.17"E	The area was covered by grass and it is hard to survive the seedlings. Signboard is erected and maintained plantation journal properly.
2.	Thaitul ram Thingsai	5 ha. 2020-21	<i>Michelia champaca</i> , <i>Terminalia myriocarpa</i>	81%	1.5 ft	22°57'44.88"N 93°42'7.22"E	Plantation site is suitable for the selected species. Signboard is erected and maintained plantation journal properly.
3.	Lenhmui tlang Sialhawk	5 ha. 2020-21	<i>Prunus cerasoides</i> , <i>Bischofia javanica</i>	85%	1 ft	23°17'21.23"N 93°05'25.27"E	Good natural vegetation. Signboard is displayed and maintained journal properly
4.	Vangmun S. Chawngtui Range	5 ha. 2020-21	<i>Toona ciliata</i> , <i>Prunus undulata</i>	84%	1.5 ft	23°3'15.581"N 93°0'54.83"E	The area was covered by trees, shrubs, reeds and weeds. It is suitable for ANR plantation.
5.	Cherhlun Cherhlun Range	5 ha. 2020-21	<i>Michelia champaca</i> , <i>Emblica officinalis</i>	88%	1.5 ft	22°42'25.48"N 92°50'50.27"E	Good natural vegetation. Signboard is erected and Plantation journal is properly maintained.

2. NET PRESENT VALUE (NPV) NURSERY:

Sl. No.	Location & Range	Total stocks	Species raised	Comments/Remarks
1.	Forest complex N. Vanlaipha Range	10990	<i>Prunus cerasoides</i> , <i>Emblica officinalis</i> , <i>Ligustrum robustum</i> , <i>Syzygium cumini</i> , <i>Bauhinia variegata</i> , <i>Jacaranda mimosaeifolia</i>	Nursery under North Vanlaipha Division is well maintained. Nursery have good water tank, water distribution point and nursery hut. Nursery beds are covered with shade nets and made with cemented beds with brick-wall side support and polypots are used so as to increase and improve the quality, germination and health of the seedlings. Ample care is taken to improve the quality and health of the seedlings.

AIZAWL WILDLIFE DIVISION

1. NET PRESENT VALUE (NPV) ANR PLANTATIONS [15 ha.]:

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
1.	Chal hmun phei Thenhlum Thorang WLS Range	15 ha. 2020-21	<i>Bischofia javanica</i> , <i>Toona ciliata</i> , <i>Lagerstroemia speciosa</i> , <i>Syzygium cumini</i> , etc.	90%	1 ft	23°18'42.94"N 92°33'2.48"E	The area was good natural vegetation. Protection and prevention of fire is necessary. Signboard is erected and maintained plantation journal properly.

LAWNGTLAI WILDLIFE DIVISION

2. NET PRESENT VALUE (NPV) ANR PLANTATIONS [10 ha.]:

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
1.	Dillui pahnhnha Khawmawi Ngengpui WLS Range	10 ha. 2020-21	<i>Lagerstroemia speciosa</i> , <i>Syzygium cumini</i> , etc.	90%	1 ft	22°30'4.63"N 92°46'0.36"E	The area was degraded and abandoned jhum land and covered by bamboos, grasses and few trees. Signboard is erected and maintained plantation journal properly.

KHAWZAWL WILDLIFE DIVISION

1. NET PRESENT VALUE (NPV) ANR PLANTATIONS (15 ha.):

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-coordinates	Comments/ Remarks
1.	Khawlring mual Rabung Murel National Park Range	8 ha. 2020-21	<i>Michelia champaca, Bischofia javanica, Toona ciliata</i>	85%	2 ft	23°39'53.65"N 93°12'15.23"E	Good natural vegetation, prevention of fire is necessary. Signboard is erected and Plantation journal is properly maintained.
2.	Dawhzau ram Lamzawl Lengteng Wildlife Sanctuary Range	7 ha. 2020-21	<i>Bischofia javanica, Toona ciliata, Ligustrum robustum</i>	85%	1.5 ft	23°49'53.65"N 92°12'25.00"E	Good natural vegetation, fire prevention is necessary. Signboard is erected and Plantation journal is properly maintained.

2. NET PRESENT VALUE (NPV) NURSERIES:

Sl. No.	Location & Range	Total stocks	Species raised	Comments/Remarks
1.	Khawlring mual Murel NP, Rabung	7200	<i>Michelia champaca, Bischofia javanica, Toona ciliata, Ligustrum robustum, Parkia timorensis, etc.</i>	All these Nurseries under Khawzawl Forest Division are well maintained. All nurseries have good water tank, water distribution point and nursery hut. Nurseries are covered with shade nets. Nursery beds are made with cemented beds with brick-wall side support and polypots are used so as to increase and improve the quality, germination and health of the seedlings. Ample care is taken to improve the quality and health of the seedlings.
2.	Range Complex Lengteng WLS, Lamzawl	5000		

LAI AUTONOMOUS DISTRICT COUNCIL

1. NET PRESENT VALUE (NPV) ANR PLANTATIONS (20 ha.):

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
1.	Paithar Paithar Lawngtlai Range	20 ha. 2020-21	<i>Michelia champaca, Terminalia, Bischofia javanica, Lagerstroemia sp., Syzygium cumini, etc.</i>	86%	1 ft	22°26'20.27"N 92°54'03.55"E	Some parts of the area was degraded and some are good natural vegetation. Some of the area was covered by bamboos and grasses. Signboard is erected and maintained plantation journal properly. Prevention of fire is much necessary for the success of the plantation.

MARA AUTONOMOUS DISTRICT COUNCIL

1. NET PRESENT VALUE (NPV) ANR PLANTATIONS (20 ha.):

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
1.	Tlangpui Tlangpui Siaha Range	20 ha. 2020-21	<i>Michelia champaca, Lagerstroemia speciosa, Jacaranda, etc.</i>	70-80%	1 ft	22°30'17.48"N 93°1'2.41"E	Plantation site is not suitable for some species. It is difficult to observe survival percentage during the time of visit. Signboard is erected and maintained plantation journal properly. Prevention of fire is much necessary for the success of the plantation.

CHAKMA AUTONOMOUS DISTRICT COUNCIL

1. NET PRESENT VALUE (NPV) ANR PLANTATIONS (20 ha.):

Sl. No.	Location, Village & Range	Area & Year	Species planted	Survival %	Avg. height	Geo-co-ordinates	Comments/ Remarks
1.	Palenasora Palenasora Kamalanagar Range	10 ha. 2020-21	<i>Xyilia xylocarpa, Mangifera Indica and bamboo species.</i>	85%	1.5 ft	22°36'412"N 92°35'575"E	Plantation site is good for the species. Signboard is erected and maintained plantation journal properly. Prevention of fire is much necessary for the success of the plantation.
2.	Mondirasora Mondirasora Kamalanagar Range	10 ha. 2020-21	<i>Xyilia xylocarpa, Mangifera indica and bamboo species.</i>	86%	1.5 ft	22°45'5.817"N 92°35'8.71"E	Plantation site is good for the species. Signboard is erected and maintained plantation journal properly. Prevention of fire is much necessary for the success of the plantation.

VII. SUGGESTIONS AND OBSERVATIONS:

- (1) The project could be improved when the funding amount was received in time; since this project is based on a seasonal work. The main problem is slow and insufficient funding.
- (2) More awareness to the Public is needed; awareness fund may be made available.
- (3) The present daily wage rate of the scheme is very less than the actual labour rate in the village. The minimum prevailing labour rate even in remote village is Rs. 500/- per day.
- (4) More technical training is needed for the field staffs for better success of the plantation.
- (5) Through interaction with the Forests staffs, partner organizations and Village council members, it was found that measures adopted for the conservation and protection of plantation is effective and satisfactory. The following measures are adopted for the protection of plantation as and when necessary:-
 - (a) Fire control.
 - (b) Strict vigilante against destruction of plantation.
 - (c) Control of grazing animals.
 - (d) Strict surveillance from encroachment.

(6) **Another observations:**

- (i) All the divisions successfully achieves the aims and objectives of the Project.
- (ii) Local peoples, specially women and lower class are engaged in all sorts of works within their respective project areas.
- (iii) CAMPA projects and programme can be an important measure to recover the fast decreasing forest area and for providing us a better and healthier environment.
- (iv) It is believed that the plantations taken up by the various Divisions and related activities under CAMPA would help us to develop the rural livelihood and to solve the unemployment problems of the State in future.
- (v) This programme creates more awareness in environment protection among the villagers.

VIII. OVERALL GRADING OF THE PROJECT ON A SCALE OF 1 TO 10

QUANTITATIVE ASPECT	Physical	8
	Financial	8.5
QUALITATIVE ASPECT	Survival percentage of the plantation	7
	Health & Growth of the seedlings planted	7.5
	Maintenance of the plantation	7
	Sustainability of the plantation	8
OVERALL GRADING OF THE PROJECT	Outstanding (8-10)	-
	Very Good (5-8)	7.74 (Very good)
	Good (3-5)	-
	Poor (<3)	-
