**Dated: 14<sup>th</sup> September, 2020**

To,  
The Principal Secretary (Forests)  
Government of Bihar,  
Patna

**Sub: Supplementary Annual Plan of Operation for the year 2020-21 of Bihar State Authority-reg.**

Madam/Sir,

I am directed to refer to letter No. 648 dated 31<sup>st</sup> July, 2020 of the Government of Bihar on the above-mentioned subject and to convey the approval of the Executive Committee of the National Authority under Section 15 (1) (i) of the Compensatory Afforestation Fund (CAF) Act, 2016 for the supplementary Annual Plan of Operation – Bihar (2020-21) at a total cost of **₹ 76.95 crores (Rupees seventy-six crore and ninety five lakh only)** out of proposed outlay of **₹ 76.95 crore** recommended by the State Steering Committee for carrying out approved activities during the current financial year from the “State Compensatory Afforestation Fund–Bihar” created under Section 4 of CAF Act, 2016.

2. The APO was discussed in the 8<sup>th</sup> meeting of the Executive Committee of the National Authority held on 25<sup>th</sup> August, 2020. The component wise approval accorded by the Executive Authority is as under:

In Rs crore			
Sr No.	Major Activity	Amount proposed in the APO	Approved amount
1.	Mandatory works as per Section 6(a), CAF Act, 2016	1.48	1.48
2.	Activities as per Rule 5(2) of the CAF Rules, 2018	69.14	69.14
3.	Activities as per Rule 5(3) of the CAF Rules, 2018	6.32	6.32
	<b>Total NPV</b>	<b>75.46</b>	<b>75.46</b>
	<b>Grand Total (1+2+3)</b>	<b>76.95</b>	<b>76.95</b>

3. The approval is subject to the following conditions: -

- i. Prior to implementation of approved Supplementary Annual Plan of Operations, the Executive Committee of the State Authority shall ensure that a certificate is available with them to the effect that the activities that are proposed to be taken up by them, are being taken up after due consultation with Gram Sabha and are as per provisions of FRA 2006; activities proposed in forest areas are in consonance with approved working plan; and

- activities proposed in protected areas (PAs) are in consonance with approved management plan. The State EC will also ensure that there is no overlapping of activities with other schemes.
- ii. Compensating the loss of ecological services due to forest diversion for non-forestry purposes is the main objective of Compensatory Afforestation Fund. Regeneration and development of forests should, therefore, be given priority. Also, in the prevailing unprecedented circumstances of pandemic Covid 19, where loss of job and migration of labour is prevalent, more emphasis is to be given in APOs on creation of employment opportunities. Therefore, while implementing APOs, priority should be accorded to labour intensive activities for regeneration and development of forests.
  - iii. The approved activities shall be carried out as per Rule 4 of the Compensatory Afforestation Fund (CAF) Rules, 2018 i.e. as per the provisions of the State Financial Rules or any such rules applicable from time to time in the State.
  - iv. The Executive Committee of the State shall also ensure that proposed activities have adequate forward and backward linkages and are being taken up as per prevailing approved minimum wage rate, schedule of rates, model estimates etc. In future, the APOs that are sent to the National Authority for approval must be accompanied with rationale of activities proposed, information on approved minimum wage rate, schedule of rates, model estimates etc.
  - v. There should not be any reduction in allocation for forestry sector in the regular State Budget due to flow of CAMPA funds to the states. In addition, the State Government shall also make timely and adequate budget provision as per approved APO for 2020-21 and release money so that activities approved under the APO could be implemented in time.
  - vi. As per Rule 5 (2) (g), only soil and moisture conservation work in forests are permissible. Soil and moisture conservation work should be carried out in an integrated manner under watershed approach from "ridge to valley". Construction of Dams, Stop Dam and ponds and their deepening are to be taken up only if they are a part of an integrated soil and moisture conservation plan of the catchment area.
  - vii. Maintenance/Improvement of buildings/infrastructure created from regular State budget (except activities permissible under 5(3)(d), CAF Rules, 2018) shall continue to be carried out from regular State budget.
  - viii. The proposed activities in the APO need to be rearranged at some places as per sub-rules of rule 5 and 6 of CAF Rules, 2018, wherever found inappropriate. The State Authority shall make necessary changes in the APO accordingly with the permission of the State Executive Authority. In addition, any increase or reduction in the proportion of Rule 5(2) and 5(3) as well as Rule 6(a) and 6(b) will also need to be adjusted in the next APO.
  - ix. The expenditure in respect of managing man-animal conflict such as payment of ex-gratia, compensation for crop/property damages or damage to life on account of wild life and payment of reward to informers/helpers shall be paid from regular State budget.
  - x. The Executive Committee of the State Authority shall ensure that there is no mixing of money with any other state scheme under implementation from any other budget as per Explanation 2 below Rule 5 of CAF Rules, 2018.
  - xi. The State Authority shall ensure that adequate numbers of Geographical coordinates/Geo-tags of all the site-specific activities proposed in the Supplementary Annual Plan of Operation are available. All the physical works undertaken under this APO shall be uploaded timely on the e-Green watch portal along with photographs of the area before and after the execution of the work.

- xii. 'Measurable output' of all physical activities and targets of each permissible activity along with period required for achieving the measurable output shall be monitored by the State Executive Committee and State Steering Committee.

Yours faithfully,

(Rohit Tiwari)
