The State EC will also ensure that there is no overlapping of activities with other schemes.  
 Compensation for the loss of ecological services due to forest diversion for non-forestry purposes is the main objective of Compensatory Afforestation Fund. Regeneration and development of forests shall, therefore, be given priority. In the prevailing unprecedented circumstances of pandemic Covid 19, loss of job and migration of labour is prevalent, more emphasis is to be given in APOs on creation of employment opportunities. 5. The Executive Committee of the State shall also ensure that proposed activities have adequate forward and backward linkages and are being taken up as per prevailing approved minimum wage rate, schedule of rates, model estimates etc. In future, the APOs that are sent to the National Authority for approval must be accompanied with rationale of activities proposed, information on approved minimum wage rate, schedule of rates, model estimates etc.
  6. There should not be any reduction in allocation for forestry sector in the regular State Budget due to flow of CAMPA funds to the states. In addition, the State Government shall also make timely and adequate budget provision as per approved APO for 2020-21 and release money so that activities approved under the APO could be implemented in time.
  7. Works related to Eco-tourism and Eco-development are permissible only as per approved site-specific schemes.
  8. As per Rule 5 (2) (g), only soil and moisture conservation work in forests are permissible. Soil and moisture conservation work should be carried out in an integrated manner under watershed approach from "ridge to valley". Construction of Dams, Stop Dam and ponds and their deepening are to be taken up only if they are a part of an integrated soil and moisture conservation plan of the catchment area.
  9. Maintenance/Improvement of buildings/infrastructure created from regular State budget (except activities permissible under 5(3)(d), CAF Rules, 2018) shall continue to be carried out from regular State budget
  10. Engagement of manpower (regular, contractual, through outsourcing or daily wage including Data Entry Operators and drivers etc), capacity building of the personnel involved in utilization of State Fund, publicity-cum-awareness programme and exhibition on various schemes being implemented by the State Authority shall be done as per provisions of CAF Rules, 2018 only.
  11. The proposed activities in the APO need to be rearranged at some places as per sub-rules of rule 5 and 6 of CAF Rules, 2018, wherever found inappropriate. The State Authority shall make necessary changes in the APO accordingly with the permission of the State Executive Authority. In addition, any increase or reduction in the proportion of Rule 5(2) and 5(3) as well as Rule 6(a) and 6(b) will also need to be adjusted in the next APO.
  12. The expenditure in respect of managing man-animal conflict such as payment of ex-Gratia, compensation for crop/property damages or damage to life on account of wild life and payment of reward to informers/helpers shall be paid from regular State budget.

  15. Purchase of vehicles shall be avoided. Instead, hiring of vehicles shall be the first option. Repair/ maintenance of vehicles shall be limited to the vehicles purchased from the CAMPA funds previously.
  16. The Executive Committee of the State Authority shall ensure that there is no mixing of money with any other state scheme under implementation

- from any other budget as per Explanation 2 below Rule 5 of CAF Rules, 2018.
17. The State Authority shall ensure that adequate numbers of Geographical coordinates/Geo-tags of all the site-specific activities proposed in the Annual Plan of Operation are available. All the physical works undertaken under this APO shall be uploaded timely on the e-Green watch portal along with photographs of the area before and after the execution of the work.
